

Excise Handbook

The excise handbook consists of excise policies that set standards on peace-time developments, and judicial processes to ensure there are grounds for fairness and equitable protection. The excise handbook will be developed over the course of our research and become a law manual for excise law.

Constitution

This document is to certify that *The Astral Government* shall be formed as a peace-time organization with the sole purpose of serving as an intermediary during human crises. The history of our human nations has also shown signs of encaged cultures bonded by a false sense of beauty and entrapped imagination looking at the human world through the lens of a restrictive world that shifts the perceptual realm into a state of unconsciousness. Thereby, the astral government is an extension to human life.

The following biblical reference sets the tone for character and intent:

We shall bestow upon the Earth good deeds and walk upon the planes restoring mankind. We shall remove conditions of war with peaceful unions. We shall give freedom but not to what has been formed into union to protect the corrupt ways of its kingdom and the fruits it provides that further contributes to human catastrophe. And those who have been chosen to walk the path of God and his spirited presence shall bear a heart of compassion for those who come before them but not of fault that corrodes the nature and taunt the spirit.

And...

Ann Harbor (b. January 24, 1979) shall be reserved as a federal holiday in the founder's name and commissioned on or before Ann Harbor's 91st birthday to commemorate her heroic efforts and public service in establishing the first humanitarian world order that played a major role in human rights and peace-time efforts.

Proclamation

The unions that have been formed in history under its wrongful state shall hold no merit nor shall it be corroborated as a future endeavor when there is no foundation.

Thereby, one cannot fix one shall not make any effort to repair but rather walk in honor and grace and not of grave indiscretion.

Here within, these unions shall not proceed under a merit system nor grounds for peaceful undertakings but rather a separation in union.

And...

The national emblem represents the freeing of modern slaves from forced labor. This period is known as the Golstone Era that lasted nearly 18 years. The five aligned stars in the national emblem are the five bilateral states that served as an escape route from war and oppression. The big star that is positioned in the center represents the first commissioned bilateral state creating a separation of power and governance as a martial law division.
