

CAN YOU BELIEVE IT'S JUNE ALREADY?!

We're officially halfway through 2025. Feels like January was last week, and somehow we're already in BBQ season. 😊 Time flies when you're hustling!

Thank you all for pushing through the first half of the year with grit and drive. We see your hard work, and we appreciate it every single day.

THANKS TO OUR ADT APP TEST CREW!

A big shout-out to everyone testing the new ADT app. Your feedback is helping us fine-tune the system before full rollout. It's not always easy being the first to test new tech — but your input is setting the standard for the whole team. Appreciate you!

SUMMER SAFETY ALERT: KIDS ARE OUT!

With school wrapping up this month, we'll be seeing more kids and teens on the streets — not just walking and biking, but just hanging around outside.

Please:

Keep your eyes open near neighborhoods and job sites.

Stay sharp behind the wheel.

Be extra careful entering and exiting work zones.

And don't forget — if you see something, say something. Whether it's a child near a hazard, an unsafe work practice, or a distracted driver, speaking up can save a life.

We might wear different logos, but out there — we're one team. Communication with your foreman and crew is everything.

SOCIAL SOLUTIONS

The office staff has been busy at work expanding our social media presence. Like, Share, and Follow our pages for updates, anecdotes, and maybe even a meme or two! Our socials are linked here.

"It's not whether you get knocked down, it's whether you get up." – Vince Lombardi

Flagger Pro Tip: Be in the Brief

All flaggers should be part of the daily job briefing. Don't miss it, and don't forget to sign the job brief. You're part of the safety plan — your awareness matters. Ask questions if anything isn't clear. You're not just holding a sign — you're holding down the safety of the whole crew.

Beat the Heat: Summer Safety Reminders

Drink water like it's your job.
Wear sunscreen and reapply it. (Yes, even on cloudy days.)
Take breaks in the shade — but stay visible to traffic.
Watch out for heat exhaustion signs in yourself and your coworkers.

Wishing our AUS Fathers and Grandfathers a Happy Fathers Day.

We deeply appreciate the hard work, strength, and dedication you bring both on the road and off. Whether you're out in the elements keeping traffic moving safely or supporting your families at home, your efforts don't go unnoticed. Thank you for all that you do today and every day!

**HAPPY
FATHER'S
DAY**

JUNE MVPS:

This month's MVPS were chosen due to them getting multiple compliments from their foremen as well as coworkers.

1049: Broden McCarthy
1249: Felicia McDuffie
