

TURNING THE CORNER INTO FALL WITH DRIVE

As summer winds down, work is picking up again both on Long Island and upstate, and that's something to be proud of. Our teams have been showing up ready, putting in long hours, and keeping projects moving forward. The dedication and professionalism you bring to the job each day are what set AUS apart. In the weeks ahead, we'll also be starting more night shifts, which will give us an even greater opportunity to show clients the high standards we're known for. You'll also be receiving an important email soon with updates we'll need everyone to review, so please take the time to read it carefully when it comes through.

LOOKING AHEAD

We're excited to share that our end-of-the-year Safety Party is in the works. It's always one of the best moments of the year, a chance to celebrate all of your hard work and dedication. We'll be announcing the official Save the Date soon, and we can't wait to gather together to recognize everything we've accomplished.

OSHA CORNER

A quick reminder from OSHA standards: OSHA 29 CFR 1926.200 requires that all signs, signals, and barricades used on job sites comply with the Manual on Uniform Traffic Control Devices (MUTCD). That means every cone, drum, or sign you place has a standard behind it. Following those guidelines not only keeps us compliant but also keeps every worker and driver on the road safer.

SOCIAL SOLUTIONS

The office staff has been busy at work expanding our social media presence. Like, Share, and Follow our pages for updates, anecdotes, and maybe even a meme or two! Our socials are linked here.

SAFETY FIRST

“Resilience is knowing that you are the only one that has the power and the responsibility to pick yourself up.” –

Mary Holloway

SAFETY SPOTLIGHT: NIGHT WORK

Night shifts require an extra level of awareness. High-visibility gear is non-negotiable, and proper lighting—whether it’s headlamps, towers, or reflective devices—makes all the difference. Cone placement and tapers are critical to protecting both workers and drivers, and they need to be set up correctly every single time.

Fatigue can sneak up during these longer shifts, so be mindful of your own limits. Stay hydrated, take short resets when needed, and don’t hesitate to speak up if you’re feeling drained. Your alertness keeps the entire crew safe.

CELEBRATING OUR CREWS

We want to recognize the incredible efforts happening across AUS this month. Our Long Island crews have kept projects moving seamlessly, even with shifting schedules. Upstate teams have faced tough conditions and pushed through without ever cutting corners. And to those who have been stepping into night work, thank you for your flexibility and commitment. Your efforts do not go unnoticed.

HONORING RESILIENCE AND UNITY

This month, we take a moment to remember those we lost in the September 11th attacks and to honor the bravery of the first responders and the strength of the communities that came together in the aftermath. The legacy of resilience, unity, and compassion continues to inspire us today.

SEPTEMBER MVPS:

We are pleased to recognize the following employees for their outstanding performance and dedication:

- **Dawn Crisostomo 1049**- We would like to recognize Dawn for consistently doing an outstanding job as a Shop Steward. Her dedication, reliability, and willingness to help and advise others do not go unnoticed. Dawn’s commitment sets a great example, and we truly appreciate the positive impact she has on the team.
- **Brian Williams 1249**- We would like to recognize Brian for his consistent punctuality and the positive feedback he receives from Foremen. His reliability and strong work ethic make a valuable contribution to our team, and his efforts are greatly appreciated.

Join us in Celebrating YOU!

September Birthdays

Julio Suarez- 09/09
