

Issue no.04  
JULY 2024

# AUS

## ADVANCED UTILITY SOLUTIONS

EST.  2020

### AS WE CLOSE OUT JUNE, LETS CELEBRATE OUR MID-YEAR MILESTONES!

As we welcome July, we must acknowledge how far AUS has come thus far in 2024. Both our 1049 and 1249 employees contribute to this success. We hope the second half of the year exceeds our expectations, and we are able to continue to grow, expand, and dominate the industry.

### JUNE CONTEST WINNERS

Did you know every month we do a contest and you could win an amazon gift card? Last months winners were Ramon Mendez and Dawn Crisostomo. Their award winning photos are featured in his months newsletter! We loved your creativity, thank you both for participating!

### COMMUNICATION TIPS

Miscommunication with other workers or drivers can lead to accidents. Always use clear signals, radios, and directions to communicate and ensure all team members understand their roles. Please be sure to let Rob ASAP know if your radio stops working. The radios play a crucial role in keeping you, motorists, and crew members safe.

### SOCIAL SOLUTIONS

The office staff has been busy at work expanding our social media presence. Like, Share, and Follow our pages for updates, anecdotes, and maybe even a meme or two! Our socials are linked here.

Coming together is a beginning, staying together is progress, and working together is success." - Henry Ford

## FLAGGING SAFETY:

**Beat the Heat: Know the different types of heat illnesses and how to recognize them.**

### 1. Heat Cramps:

- Symptoms: Muscle spasms, usually in the legs, arms, or abdomen.
- What to Do: Rest, cool down, drink water or an electrolyte solution, and gently stretch the muscles.

### 2. Heat Exhaustion:

- Symptoms: Heavy sweating, weakness, cold, pale, and clammy skin, rapid pulse, nausea or vomiting, muscle cramps, tiredness, dizziness, headache.
- What to Do: Move to a cooler place, lie down, loosen clothing, apply cool, wet cloths, sip water. Seek medical attention if symptoms worsen or last longer than an hour.

### 3. Heat Stroke:

- Symptoms: High body temperature (above 103°F), hot, red, dry, or damp skin, rapid and strong pulse, headache, dizziness, nausea, confusion, loss of consciousness.
- What to Do: Call 911 immediately. Move the person to a cooler place, apply cool cloths or a cool bath, do not give anything to drink.
