Items on Hand

KITCHEN

The kitchen is stocked with spices, condiments, nespresso coffee maker/pods, drip coffee maker/grounds, pots and pans, hot water kettle, dinnerware, drinking glasses, silverware and cooking/baking supplies such as a toaster, crockpot, blender, cookie sheets, measuring cups, grill tools, spatulas, tongs, whisks, cooking spoons, oven mitts, and more.

KIDS

We have a pack n' play with sheets, a high chair, a baby gate, kid's games and toys, and children's dinnerware and sippy cups.

ESSENTIALS

We provide towels, shampoo, conditioner, body wash, hand soap, lotion, laundry detergent, and dish soap.

House Rules

So much time, effort, investment, and love was put into this home, and we hope you treat it with care and respect!

QUIET HOURS

Quiet hours are from 10pm to 8am (this includes loud talking outside since sound travels!). We have the kindest neighbors who are full time residents (but any noise complaints would incur a hefty fine from code enforcement, at guest's expense) .

NO PARTIES

Absolutely no parties or reckless treatment of the home. If our cleaning lady notifies us the home was left in such disarray that required their extra time/effort, they will charge an additional cleaning fee. If you happen to break something, please let me know (it's also the only way we know to replace/fix something).

OCCUPANCY

This house is permitted for 8 overnight guests. Only the number of guests on the reservation are allowed overnight at the cabin. Daytime visitors need prior approval and are required by the county to park on our property (no street parking).

PARKING

The driveway easily fits two cars. **Per county code, there is NO street parking.** Parking on the street could result in a \$1000 fine from County Code Enforcement.

PETS

If you were approved to bring a pet (with an additional pet fee), please keep the following rules in mind: 1) Please do not allow them on the furniture or beds, 2) please have them do their business in nature and not on our deck or patio. All poop must be picked up, 3) please be mindful of excessive barking, as noise travels, 4) never leave them unattended at the home, whether inside or outside. If they absolutely cannot go out with you, they must be crated if left at the house. And please make sure your pet does not wonder off into someone else's property. County Code requires all pets to remain on leash.

“HOW TO” VIDEOS

STOVE/OVEN

To use the stove top burners, press the knob in and to the left, where the star icon is. Once the flame ignites, you can release the knob and twist it to adjust the flame. To pre-heat the oven you will use two knobs; the one with the thermometer icon above it and the far right knob. The knob with the thermometer icon controls the temperature and the knob on the far right controls the oven setting. The most common setting (conventional oven mode) is the second icon in when you twist the knob to the right. For more information on the oven settings, click the link below.

FIRE PIT

To light the fire pit, make sure the propane tank is on. Press and turn the knob to the ignite position. Once it ignites, you can release the knob and adjust the flame by twisting it left and right. Press and twist the knob to the right to turn the fire pit off.

GRILL

To use the grill, make sure the propane tank is turned on. To light each burner, you would press the knob in and turn it to the left. You can then release the knob and twist it to adjust the flame. Twist the knob to the right to turn off the grill and also make sure to turn off the propane tank.

FIREPLACE

The fireplace in the living room is gas. To use, turn the gas key to the left and ignite the flame with the lighter found on the mantel.

HEAT/AIR

There is a thermostat that controls the heat located on the wall above the couch in the living room. There are ceiling fans in both bedrooms. The ceiling fan in the main level bedroom is controlled by a switch on the wall. The ceiling fan in the upstairs bedroom is controlled by a remote found on the wall. There are additional portable fans located in the entry way on top of the cabinet.

Before You Go

CHECK OUT TIME: 10 AM

Rosie has been cleaning this home for us and she is great! She loves this home as much as we do and she also really appreciates when you're careful to follow these check-out instructions...

- 1) Please clean pots/pans and put all dirty dishes in the dishwasher. Start the dishwasher, so it finishes in time for the cleaners to empty it.
- 2) Please remove opened food items from the fridge and take them out with the rest of the kitchen trash (put it in a trash can in the trash enclosure so critters don't make a mess of it).
- 3) Our cleaners will take care of all laundry. You can leave used beds unmade and used towels on the ground.

Please let us know if there's any feedback we can give Rosie! If anything in the home needs to be fixed or replaced, please let us know so we can address it right away and keep the home in the best condition.

Thank you for staying with us!

If you'd like to be the first to know when we release new dates, or have last-minute availability for any of our properties, you can sign up for our emails at ToDwellHere.com (and tag @To_Dwell_Here on Instagram and follow us to see all our homes!)

We're so happy we could host you, and hope we earned a 5-star review from you. Reviews mean the world to us, so thank you in advance.

Safe travels home,
