

RM Products Ltd. was contacted by a client to design, manufacture and deliver an enclosure for a WWTP Oxidation Ditch, factory assembled and delivered to San Juan, Texas.

Project Scope

- 10' W x 24' H x 12' L Fiberglass Enclosure
- 72" x 102" Double Fiberglass Entry Door
- Insulated R 12
- Stainless Steel Hardware
- Lifting Eyes
- Fiberglass Angle Mounted To Concrete Floor

From concept to final product RM's design and support team were able to provide a total solution for our clients needs.
