

Your Partner for Success

HST Utility - Advanced Automated Meter Installation Solutions.

At HST Utility, we are committed to providing the most innovative and effective solutions for your metering needs.

With over 30 years of experience in the metering industry, our team has the expertise and technology to help utilities increase efficiency, reduce costs, and optimize their operations. Our Automated Meter Reading (AMR) and Advanced Metering Infrastructure (AMI) solutions are designed to provide accurate and reliable meter data with minimal manual intervention.

By partnering with HST Utility, you can expect to:

- Increase efficiency and reduce costs by eliminating the need for manual meter readings.
- Achieve accurate billing with minimal manual intervention.

- Gain valuable insights into your

utility's operations through advanced analytics and reporting.

- Reduce water loss and improve the management of your scarce and costly processed inventory.

Our team is dedicated to providing exceptional service and support, from the initial consultation through ongoing maintenance and support. We pride ourselves on being a trusted partner for our clients, providing tailored solutions that meet their specific needs and requirements. Contact us today to learn more about how HST Utility can help you achieve your metering goals.

Our Services Include

- **Small Meter Deployment:** Replacing water meters in residential areas.
- **Commercial Meter Rebuilds/Replacements:** Providing rebuilds and replacements of larger meters for commercial properties.
- **Test & Repair:** Providing testing and repair services for meters. Each of our services is designed to provide a streamlined and efficient solution for your specific needs.
- **We also offer ongoing support and maintenance** to ensure that your systems remain up-to date and functioning at optimal levels.
- **Full Deployment Integration**
