Why Partner with US

N8 Enterprise Group LLC is a U.S.-based distribution company focused on sourcing and supplying high-demand consumer products across multiple categories.

We specialize in identifying practical, scalable products supported by reliable supply channels and consistent market demand.

Our Approach

We operate with a structured sourcing and distribution model focused on efficiency, consistency, and long-term supplier relationships.

Our objective is to provide reliable purchasing channels while adapting to different product categories and market dynamics.

Capabilities

- Product sourcing and supplier development
- U.S.-based logistics coordination
- Inventory consolidation and distribution
- Scalable purchasing programs
- Multi-category product sourcing
- Long-term supplier relationship management

We are committed to building long-term partnerships and delivering dependable distribution solutions in an evolving market.

Product Categories Overview

Our portfolio is structured across key product categories with consistent demand and scalable sourcing potential.

Images in this catalog are for reference only and represent product types within our sourcing scope. We offer a broader range of related products across each category. For detailed information, availability, or sourcing inquiries, please contact us directly.

Smart Video Doorbell

Integrated security device designed to provide real-time video monitoring, motion detection, and remote access control for residential entry points.

Smart Water Leak Detector

Advanced leak detection system designed to monitor moisture levels and prevent water damage in residential environments.

Smart Thermostat

Efficient temperature control solution designed to enhance comfort and energy management in indoor spaces.

Wireless Security Camera Set

Scalable security solution designed to support monitoring needs with ease of installation and consistent performance.

Shower Head System

Durable bathroom fixture designed to improve water flow efficiency and enhance everyday user experience.

Smart Door Lock System

Secure keyless entry solution designed to enhance home security and provide convenient access control.

Under Sink Water Filtration System

Advanced water filtration system designed to improve water quality for everyday household use.

Electric Heated Towel Rack

Modern bathroom solution designed to keep towels warm and dry, enhancing comfort and improving hygiene.

Solar LED Landscape Lighting Kit

Energy-efficient outdoor lighting system designed to enhance pathways, gardens, and exterior ambiance without wiring.

Outdoor Storage Box

Functional outdoor storage solution ideal for organizing tools and accessories while maintaining durability in exterior conditions.

Automatic Irrigation Timer System

Smart irrigation controller designed to optimize water usage and automate garden maintenance.

Outdoor Fire Pit Table (Gas)

Modern fire pit solution designed to create comfortable outdoor gathering spaces with controlled heat output.

Retractable Patio Awning

Adjustable shading system designed to provide sun protection and improve outdoor comfort in patios and terraces.

Portable Outdoor Power Station

High-capacity portable energy solution designed to support outdoor activities, camping, and emergency backup needs.

Outdoor Mist Cooling System

High-efficiency misting system designed to reduce outdoor temperatures and enhance comfort in patios and open spaces.

Raised Garden Bed Kit (Modular)

Modular planting system designed to support organized gardening with improved soil control and accessibility.

Thermal Imaging Inspection Camera

Advanced diagnostic tool designed to detect heat variations for electrical, mechanical, and building inspections.

Multi-Function Oscillating Tool Kit

Versatile power tool designed for cutting, sanding, and scraping across a wide range of applications.

Pipe Inspection Camera

Inspection system designed to provide visual access to hard-to-reach areas for maintenance and diagnostics.

LED Work Light

High-visibility lighting solution designed for work environments requiring reliable and consistent illumination.

Product Portfolio

Tools & Equipment

Digital Laser Distance Measurer

Precision measuring tool designed to provide accurate distance readings for construction and installation tasks.

Cordless Impact Driver Kit

High-performance power tool designed for efficient fastening and heavy-duty applications in professional environments.

Portable Air Compressor (Compact)

Compact air compression solution designed for inflation, maintenance, and light-duty workshop applications.

Electric Pressure Washer

High-pressure cleaning system designed for efficient removal of dirt and debris in outdoor and industrial environments.

Battery Amp Meter

Professional diagnostic tool designed to measure battery load, charging system performance, and electrical current flow in automotive applications.

Portable Car Jump Starter

Compact and reliable power solution designed to jump-start vehicles without the need for another car, suitable for emergency roadside situations.

OBD2 Diagnostic Scanner

Essential vehicle diagnostic tool used to read and clear error codes, monitor engine performance, and assist in maintenance and troubleshooting.

Digital Tire Pressure Gauge

Precision measurement tool designed to accurately monitor tire pressure, helping improve safety, fuel efficiency, and tire longevity.

Windshield Repair Kit

Practical solution designed to repair minor chips and cracks in windshields, helping extend glass lifespan and reduce replacement costs.

Suspension Control Arm Kit

Durable suspension component designed to improve vehicle stability, handling, and overall ride performance.

Dual Action Car Polisher

Professional-grade detailing tool designed for polishing and restoring vehicle paint surfaces, delivering consistent results while reducing swirl marks and surface imperfections.

Professional Polishing Compound

High-performance detailing compound designed to remove scratches, oxidation, and surface imperfections while restoring gloss and clarity to automotive paint finishes.

Motorcycle Bluetooth Communication System

Advanced communication solution designed to provide clear audio, seamless connectivity, and enhanced safety for riders across various road conditions.

Motorcycle Helmet

Protective riding gear designed to provide impact resistance, ventilation, and enhanced safety for motorcycle use in urban and highway environments.

Motorcycle Riding Gloves

Durable protective gloves designed to improve grip, comfort, and hand protection during motorcycle riding across different weather conditions.

Protective Riding Goggles

Eye protection solution designed to shield against wind, debris, and environmental elements while maintaining visibility and comfort during rides.

Motorcycle Riding Boots

Reinforced footwear designed to provide stability, protection, and durability for riders in both daily and long-distance use.

Motorcycle Protective Jacket

Protective outerwear designed to enhance rider safety through impact resistance and weather adaptability across different riding conditions.

Motorcycle Riding Pants

Protective riding apparel designed to provide durability, comfort, and impact resistance for extended use.

Motorcycle Base Layer Apparel

Performance-focused apparel designed to regulate temperature, manage moisture, and improve overall riding comfort.

Under Sink Organizer

Structured storage solution designed to improve accessibility and organization of cleaning supplies in utility spaces.

Heavy-Duty Microfiber Cleaning System

Professional-grade cleaning system designed for effective dust and debris removal in residential and commercial environments.

Multi-Surface Steam Cleaner

High-temperature cleaning solution designed to sanitize and remove grime without the need for harsh chemicals.

Smart Trash Can

Touchless waste management solution designed to improve hygiene and convenience in modern households.

Cordless Electric Cleaning Brush

Power-assisted cleaning tool designed to improve efficiency in deep cleaning applications across multiple surfaces.

UV-C Sanitizing Storage Box

Ultraviolet sanitizing solution designed to eliminate bacteria and improve hygiene for everyday personal items.

Automatic Soap Dispenser System

Touchless dispensing system designed to enhance hygiene and reduce cross-contamination in household environments.

Whole House Water Shut-Off Valve

Automated water control system designed to detect leaks and prevent water damage through remote monitoring.

Marine GPS Navigation Unit

Advanced navigation system designed to provide accurate positioning and route tracking for marine environments.

VHF Radio Communication System

Reliable communication device designed for clear signal transmission in marine and outdoor environments.

Life Jacket

Safety-focused flotation device designed to provide reliable buoyancy and protection for various marine and water activities.

Insulated Marine Cooler

High-performance cooler designed to maintain temperature for extended periods, ideal for outdoor, marine, and recreational use.

Marine Audio Speaker System

Durable audio solution designed for marine environments, offering clear sound performance and resistance to water and outdoor conditions.

Fishing Rod & Reel Combo

Versatile fishing setup designed for recreational and sport fishing, offering balanced performance and ease of use across different conditions.

Waterproof Tactical Headlamp

High-intensity lighting solution designed for outdoor, tactical, and low-visibility environments.

Portable Two-Way Radio Set

Compact communication system designed for coordination in outdoor, recreational, and work environments.

Solar Portable Power Bank

Rechargeable power solution designed to provide energy in outdoor and off-grid environments.

Outdoor Survival Kit

Essential outdoor kit designed to support emergency preparedness and survival situations.

Inflatable Stand-Up Paddle Board Kit

Portable water sport solution designed for recreational use and easy transport.

Hydration Backpack System

Lightweight hydration solution designed to provide convenient water access during outdoor activities such as hiking, cycling, and trail exploration.

Foldable Exercise Bench

Durable training platform designed to support a wide range of strength and conditioning exercises.

Outdoor Gas Grill Station

High-performance outdoor cooking system designed to deliver consistent heat distribution and enhance grilling efficiency in residential and recreational environments.

Waterproof Action Camera

Compact recording device designed to capture high-quality footage in extreme and outdoor sports environments.

Camping Folding Chair

Portable and durable seating solution designed for outdoor activities, offering convenience and consistent demand across recreational environments.

Pet Feeding Set

Practical feeding solution designed for daily use, combining durability with ease of maintenance.

Pet Water Fountain

Circulating water system designed to promote hydration and maintain clean drinking water for pets.

Smart Pet GPS Tracker

Real-time tracking device designed to monitor pet location and enhance safety in outdoor environments.

Heavy-Duty Dog Crate

Durable containment system designed to provide secure and comfortable space for pets during transport and rest.

Pet Grooming Vacuum Kit

Integrated grooming system designed to remove loose hair and improve pet hygiene with minimal mess.

Orthopedic Pet Bed

Comfort-focused resting solution designed to support joint health and improve sleep quality for pets.

Pet Training Collar System

Training device designed to assist in behavior correction and improve obedience through controlled signals.

Smart Pet Door

Automated access system designed to allow controlled entry and exit for pets while maintaining home security.

Car Phone Mount

Practical in-vehicle accessory designed to provide secure device positioning and improved driving convenience.

Ergonomic Office Chair

Comfort-focused seating solution designed to improve posture and productivity in work environments.

Noise-Canceling Wireless Headphones

Audio solution designed to deliver immersive sound and reduce ambient noise in daily use environments.

Smart LED Desk Lamp Adjustable

Modern lighting solution designed to enhance productivity and provide customizable illumination.

Product Portfolio

General Consumer Products

Compact Home Safe

Secure storage solution designed to protect valuables through digital access control.

Multi-Device Charging Station

Centralized charging solution designed to support multiple devices with organized cable management.

Portable Mini Projector

Compact projection system designed to deliver multimedia viewing in flexible indoor and outdoor environments.

Portable Air Purifier

Compact air purification system designed to improve indoor air quality in personal and shared environments.
