## BSDF MEASUREMENTS

### GOAL

With this presentation you will be able to understand the importance of BSDF measurements for surfaces and materials in your optical simulations and projects.

A complete demonstration of a BSDF device will be given to show you how it works and how you can integrate information in your optical software.

### AGENDA

- BSDF measurements : Meaning and how it work ?
- Presentation of Light Tec Instruments and Measurements Service
- Live Demonstration with a Mini-Diff V2 :
  - Calibration
  - Measurement
  - Import to optical software
  - Simulation
