

Capable of removing poles up to 90 feet in length.

Quickly transport poles away from the jobsite.

Remove poles safely and comfortably from inside the machine.

The Pole Jack removes all types of poles including foamed and cleated poles.

Faster, safer and easier than Digger Derrick!

Easily removes poles from the frozen ground.

One man operation saves time and money.

Two large 3x6 inch clamp cylinders and metal teeth on the jaws securely hold pole in place during extraction.
