Make it EZ!

127 degree rotation makes it easy to load and place poles.

Easily maneuver poles through crowded areas and city streets.

Securely hold pole in place while tamping.

Makes any machine capable of setting 32 foot poles.

Safely and securely grabs all types of poles without damaging.

Jaws open from 3" to 14" to handle many different pole sizes. °

Work safely and comfortably inside the machine.

The Pole Setter can handle any shape and size of pole, pipe or fence.

One man operation reduces crew size and maximizes efficiency.

Set up to 140 poles in one 8 hour day!

° Inserts can be purchased to make unit close to 0°.
