# GRESHAM HISTORICAL SOCIETY STRATEGIC PLAN, 2024-2029

*Approved 7/31/2024*

## Mission

The Gresham Historical Society preserves and shares our community's past to enrich its present and future.

## Vision

The Gresham Historical Society will be a center for the community where all may gather to learn and find inspiration in the history and culture of the Gresham area.

## Values

### Curiosity

We respect and seek out different perspectives to enhance our understanding of events in history. Various perspectives provide richness and depth in our programs and activities.

To achieve a breadth of cultural perspectives we must:

- Listen attentively
- Solicit and respectfully incorporate nontraditional versions of history in programs and exhibits

### Collaboration

We partner with the greater community to understand needs, address concerns, foster inclusivity, and provide compelling programs and materials.

We reflect a collaborative approach when we:

- Graciously accept input even if it changes the focus or meaning of a program or initiative
- Engage in respectful dialogue to clarify understanding

### Stewardship

As stewards of historic facilities and archives, we are entrusted with the responsibility to manage these resources for the benefit of the community. We are trusted when others believe in and are willing to rely on our integrity and ability.

To be worthy of trust we must:

- Consistently adhere to the highest ethical and professional standards
- Collaborate with those we serve as we make our decisions
- Communicate clearly, forthrightly, and fully
