This property was originally part of 640 acre filbert farm owned by  
Percy Giese. It is said to have been the first commercial filbert  
grove in the United States. The original Giese cabin is still located  
on the site. In 1894, a large farmhouse was built which still stands,  
although it has been altered considerably. Giese married at age 55 and  
died in 1940. The Wogsbergs acquired the property in 1951. At that  
time it was a 24 acre filbert farm. In 1977 the Wogsbergs sold 22  
acres for a housing subdivision. They still reside in the 1894  
farmhouse.
