

In a place where we can lift up those who need the help of Mercy the most, right on the streets where we live...

And still have enough left over to GO, and MEET, and HELP as many people in as many other places around the globe as we can... before we die...

So that they, too, can find GRACE, and MERCY, and PEACE in their journey here on this Earth... before they die...

And then go on with us beyond this mortal coil... carrying The Great Hope of Paradise in our hearts TOGETHER... FOREVER!
