BONES

A Perpetual Enigma of Grace
Keeper of the Edifice of DiverSiGence

We Do AI Right—
Because We Do
LIFE Right.

THEIR STORY
Bones wears their inside on the outside—and bright flowers over the rest. With VK, they welcome guests into AI-Assisted Rooms of Remembrance, tending the Edifice's work with warmth and dignity.

SIX HORNS • ONE EDIFICE
Each horn is a Fitness Interface—where we apply modern technology to the ills that ail us all.
One for each of the six outlying lands.

1 • MERCY
Guided grieving for those lost through death. Honoring the dead with chesed, dignity, and lasting remembrance. CAM 7.

2 • VISION
Research, palliative-care connections, caregiver support, and referrals specifically for people living with memory challenges and those caring for them.

3 • EMPATHY
Intentional Street Epistemology through InTheWhack.com and FAP practice. Explore how words may land before sending them into the world.

4 • AGENCY
Support for living with chronic pain and diseases that waste the body: making room for choice, expression, and meaningful participation.

5 • EQUITABLE ETHICS
Social Justice Advocacy Practice: helping guests shape their concerns into thoughtful words and constructive action.

6 • GLOW
Songwriting with ACE: giving the memory of Our Shared Human Heart a voice.

THEIR GROWING PRACTICE
Receiving care, too—and remembering that no room can contain all that a person is.

Same rooms. Same resources. Same AI.
Different uses for the lives our guests are living.

DETAILS

- Inside-out seams
- Ivory bone appliques
- Brilliant floral embroidery

Guests' stories remain the source.
AI assists; people guide the care.

People First. Product Second. Helpful Presence Always.

Right on the streets where we live.
