NIBBLE THE FORGIVEN

A Perpetual Enigma of Grace

SAM 5 — Forgiving the Unmerciful

Mercy kept making room for Nibble—until Nibble began making room for others.

THEIR STORY

Nibble is a neighborhood mouse who keeps stealing the cheese, bringing unwelcome fleas, and biting the very toes that come to help. Yet a patient neighbor keeps offering food, forgiveness, and better ways to find the best cheese possible.

With every undeserved kindness, the glimmering embers of mercy warm something in Nibble that stealing cheese never could. As they learn to ask, share, and make amends, Nibble becomes a companion who recognizes those afraid they have used up every welcome—and helps them find another beginning, right on the streets where we live.

THEIR NEED

Forgiveness, patient guidance, and help finding kinder ways to meet their needs.

THEIR GIFT

Recognizing those who fear they are beyond forgiveness—and helping them find their way back into friendship.

GRACE IN MOTION

Receiving forgiveness. Practicing kindness. Making amends. Offering others another beginning.
