

The Williams Lake Junior Golf Club Program is operated at no cost for junior players and is led by the WLG&TC General Manager and CGTF Certified Instructor, Rob Yaworski, joined by other volunteer instructors and mentors and is open to youth aged 7 to 15 years old.

The youngest and newest members of the Junior Golf Program will start building dexterity and motor skills as we begin to teach the basics of the game and swing.

Slightly older and more skilled players will start to play the course from Junior tees, placed closer to the greens that allow the junior to move backwards as length of their hits and drives extend. Chipping, putting, and driving skills will be developed and practiced on our putting green, chipping green, and driving range.

Our oldest members, and most skilled players, will still use our practice facilities to continue to practice and build positive muscle memory and correct techniques but full round play will be integrated.

Across all age groups the program strives to teach the fundamentals of the sport like driving, chipping, putting and course etiquette.

The program will run for 4 weeks starting Wednesday August 5<sup>th</sup> and will end Wednesday August 26<sup>th</sup>.

**Session Times are based on the age and experience of the Junior Golfer.** Experienced and novice sessions are only for junior golfers that have been in our junior program at least two prior years (or similar skill level), demonstrate baseline mechanics, focus, and core coordination of the game, and must play golf at least once per week outside of our program.
