

SRI VENKATESHWARA PACKAGING

Manufacturers of Pouch Packing Machines & Services

Multi-Head Weigh Filling Machine

Products: Chips, Namkeen, Whole spices, Pulses, Dry fruits, Sugar, Sooji etc.

Packing range	: 20gm to 1kg : 2kg to 5kg
Sealing type	: center / side seal
Packing speed	: Upto 40-100 PPM, depends on nature of material or Heads
Filling system	: Multi head weigher
Pulling mechanism	: Servo/AC Motors
No. of heads	: 10 or 14 heads
Packaging material	: Heat sealable laminated roll
Sealing system	: Pneumatic/servo driven heat sealers
Machine body	: SS/ MS with powder coated
Product contact parts	: SS – 304
power	: 5 kw, 440v, 3 phase
Control system	: PLC (Programmable logic control) schneider
Temperature control	: PID, Through PLC
Unwinding system	: Motorized
Compressed air	: 8 Cfm @ 6 Bar
Dimension (LXBXH)	: 2100X1300X3000 mm (Approx)
Machine weight	: 1 Tonne (Approx)

Optional:

- Nitrogen flushing
- Batch coding device
- Servo stabilizer
- Online UPS
- Pouch Pickup Conveyor

SPEED PACK INDIA

COLLAR TYPE SERVO AUGER FILLING MACHINE

Products : Spices powder, Wheat flour, Maida, Gram flour, Sooji, Coffee powders and all types of Powders

Packing range	: 10 gm to 100 gm : 100 gm to 250 gm : 500 gm to 1 kg : 5 kg to 10 kg
Sealing type	: Center / side seal
Packing speed	: 30 – 80 Per Minute (Depend on nature of product)
Filling system	: Servo auger
Pulling mechanism	: Servo/AC Motors
Filling accuracy	: $\pm 1\%$
Packaging material	: Heat sealable laminated roll
Sealing System	: Pneumatic/servo driven heat sealers
Machine body	: SS/MS with powder coated
Product contact parts	: SS-304
power	: 5 kw, 440v, 3 phase
Control system	: Programmable logic control
Temperature control	: PID, Through PLC
Unwinding system	: Motorized
Compressed air	: 8 Cfm @ 6 Bar
Dimension(LxBxH)	: 2100x1300x3000 mm(Aprx.)
Machine weight	: 700 kgs (Aprx.)

Optional

- Screw conveyor
- Batch coding Printer
- Servo stabilizer
- Air Compressor

2/4-HEAD COLLAR TYPE WEIGH FILLING MACHINE

Products : Pulses, Namkeen, Whole spices, Seeds, Dry fruits, Chips and all types of Granular Products etc.

Packing range	: 10gm to 1kg
Sealing type	: Center / side seal
Packing speed	: Up to 10 – 20 PPM or depends on nature of product
Filling system	: Twin/Four head weigher
Packaging material	: Heat sealable laminated roll
Sealing system	: Pneumatic/servo driven heat sealers
Machine body	: SS/MS with powder coated
Product contact parts	: SS-304
power	: 5 kw, 440v, 3 phase
Control system	: PLC (Programmable logic control) schneider
Temperature control	: PID, Through PLC
Unwinding system	: Motorized
Compressed air	: 8 Cfm @ 6 Bar
Dimension(LxBxH)	: 2100x1300x3000 mm (Approx.)
Machine weight	: 700 kgs (Approx.)

Optional

- Nitrogen flushing
- Z Type Bucket Elevator
- Batch coding Printer
- Servo stabilizer
- Online UPS

COLLAR TYPE ROTARY CUP FILLING MACHINE

Products : Dal, Pulses, Groceries, Salt, Sugars, Detergent Powders, Rice, Tea Powders, Etc..

Packing Range	: 20 gm to 250gm
	: 250gm to 1kg
	: 1kg to 5kg
Sealing type	: Center seal
Packing speed	: 20 –80 PPM (Depending on Nature of Product)
Filling system	: Volume Metric Cup Filling
Filling accuracy	: $\pm 0.5\%$
Packaging material	: Heat sealable laminated roll
Machine body	: MS with powder coated
Product contact parts	: SS-304
Power	: 5 kw, 3 phase 440V
Control	: PLC Schneider
Temperature Control	: PID Through PLC
Unwinding System	: Motorized
Compressed Air	: 6kg 8 cfm @ 6 bar
Dimension(LxBxH)	: 1500x1500x3000 mm (Approx.)
Machine weight	: 700kgs (Approx.)

Optional Accessories:

- Z Type Bucket Elevator
- Batch coding Printer
- Servo Stabilizer
- Air Compressor

CHUTE TYPE SERVO(SEMI-PNEUMATIC) AUGER FILLING MACHINE

Products : Spice Powders, Wheat Flour, Maida Besan, Coffee Powders and all type of powders

Packing Range	: 10gm to 100gm
	: 100gm to 250gm
Sealing type	: Center seal
Packing speed	: 20 – 40 PPM
Filling system	: Servo Auger Filling System
Filling accuracy	: $\pm 0.5\%$
Packaging material	: Heat sealable laminated roll
Sealing System	: Pneumatic / Servo Driven heat sealers
Machine body	: MS with powder coated
Product contact parts	: SS-304
Power	: 3 kw, single phase
Control	: PLC Schneider
Temperature Control	: Through PLC
Unwinding System	: Motorized
Compressed Air	: 8 cfm @ 6 bar
Dimension(LxBxH)	: 900x900x1800 mm (Approx.)
Control system	: PLC, Siemens/Schneider
Machine weight	: 400 kgs (Approx.)

Optional Accessories:

- Screw conveyor
- Batch coding Printer
- Servo stabilizer
- Air Compressor

PNEUMATIC CHUTE TYPE CUP FILLING MACHINE

SEMI AUTOMATIC AUGER FILLER

SEMI AUTOMATIC PISTON FILLER

VERTICAL CONTINUOUS SEALER

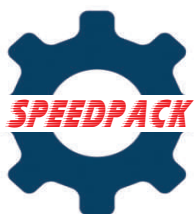

REWINDING MACHINE

BELT CONVEYOR FOR INKJET CODER

Note : Images and technical specifications mentioned are subjected to change as and when required due to upgradation

SRI VENKATESHWARA PACKAGING

Manufacturers of Pouch Packing Machines & Services

#228, 2nd Cross, 11th Main, 3rd Phase, Peenya, Near NTT Signal, Bangalore -560 058.
