

## Services Offered & Rates

(As of 7/27/2024)

### Technical Design Services

All estimates provided are based on the scale of the project, and the amount of details and information provided. Upon completion of each project, you will be provided with the following:

- 3D CAD Files (.dwg format, or others available through AutoCAD)
- 11x17 Digital Prints
- 2D CNC Router Layout files (either .dwg or .dxf, or other formats available through AutoCAD)

*(Note: All services are billed weekly, in hourly increments)*

#### Design Consultation

**\$55/Hour**

*All projects require some preliminary and follow-up consultations, meetings, and/or site surveys*

#### CAD Design – Small Projects

**\$75/Hour**

*Estimated under 40 hours for completion (ex. 10' x 10' booth)*

#### CAD Design – Medium to Large Projects

**\$65/Hour**

*Estimated 40+ hours for completion (ex. 20' x 30' booth, custom builds, etc)*

#### CAD Design – Shop Drawings

**\$10/Sheet**

*If you need us to provide your fabricator with Shop Drawings (fabrication/assembly drawings). Let us know; some builds can be Shop Drawing intensive, some simple*

#### CAD Design – Expedite Fee

**Additional \$15/Hour**

*If your project needs a faster than normal return time, and may need to be prioritized (ex. cut in line), we may be able to expedite your project for an additional fee, pending other clients' approval*
