JOIN US AT THE 2026 IFHE WORLD CONGRESS!

Why should someone make plans now to attend IFHE 2026 World Congress?

“When time is short, there's no better investment than engaging in practical, applicable, and timely solutions to your professional challenges—discussed and shared in the safe harbor environment of colleagues and peers from around the world. I highly recommend attending the IFHE 2026 World Congress.

Across continents, the populations we serve—as more than 12,000 healthcare professionals in over 35 countries—represent nearly every type of healthcare delivery system. Nowhere else have I been able to share, network, listen, learn, and advance the operational and strategic initiatives I've pursued over 40+ years of providing care and shaping the environments built for that purpose. Join us for pivotal conversations that may change your world too!”
