## CLASS I - "I'm In Need Of An UPgrade"

Upgrade is a phrase we are all familiar with. All processes such as cell phones, televisions and computers need frequent upgrading, but how often do we do it for ourselves? Have you allowed the fears, doubts and trauma of Covid-19 to get you stuck? Where we are with our relationship with God is not a stopping point, but a stepping stone.

## CLASS II - "I Am Who God Says I Am"

Who are you? Many of us waste time worrying about what other people think of us. It doesn't matter what people say about who you are - and in fact it doesn't matter who the devil says you are. But what matters is what God says about you. To overcome and have victory in our Christian walk, we need to digest the Word and promises of God.
