Creating a Montessori Home Environment

Creating a Montessori home environment, parents can start by setting up designated play areas with age-appropriate materials that encourage independent exploration. Arrange shelves with organized, accessible items, allowing children to choose activities that capture their interest. Incorporating child-sized furniture and fostering a sense of order in the home further supports Montessori principles. By providing these simple adjustments, parents can nurture their child's independence and love for learning within the comfort of their own home.

A parent must be present during Show and Tell to handle the pet. Infant class will not participate. A picture/poster of your pet is also welcome.

We will celebrate Valentine's Day on Wednesday, Feb. 14, in the morning.

You may dress up for Valentine's Day.

Each student will pass out Valentine's Cards to their classmates. (Cards can be purchased from Walmart, Target, Dollar Tree, etc.; see examples below.) Chinese New Year is coming on February 10, 2024! It will be year of the Dragon. At school, we will celebrate by giving each child a red envelope, doing a craft, and having a parade around the playground. Wear your traditional costume or the color red on Friday, February 16th!

Here are some facts to share with your children:

- It's also called the Lunar New Year.
- It's celebrated in many countries: China, South Korea, Vietnam, Singapore, Malaysia, and Indonesia .
- It's often celebrated with dragon dances, lion dances, gift exchanges, and fireworks .
- People wish each other good luck, happiness and wealth for the new year.
- Gifts are money in 'red packets' or little red envelopes as these symbolize prosperity and happiness.
- The bright colors, and especially red colors, are seen as a lucky symbol. Red decorations, lanterns and colorful symbols can be seen everywhere. These shall attract luck and prosperity for the year to come.

Some of our students performed at the North Texas Hubei Association Chinese New Year celebration.
