Sandridge 6/12

Nike (Truckstops) 10/11

Smiley Entertainment (BADD Boys) 5/11

Work History:

I am the owner/manager/janitor at 3130 Studios. 3130 Studios is a 5,000 square foot production facility that I built in 2007 from the ground up. I have shot many projects in the studio including TV shows, commercials, music videos, product demonstrations, product photography, and corporate videos. 3130 Studios is also open to the public as a DIY production facility. I typically wear a lot of hats in this business. In Oklahoma, it's about the only way to make a living. Producer, director, cinematographer, camera operator, editor, location scout/manager, gaffer, key grip, photographer and pretty much everything else in between. I'm also a college professor teaching Cinematography II at OCCC.
