

Director's Report for Pottsgrove Recreation Board

December 8, 2025

Swimming Lessons

Our Late Fall Swimming Lessons session, with 19 participants, will run through December 20th. Registration for the next session, beginning in January, will open next week.

Adult Volleyball

Adult Volleyball welcomed two new members for the Winter Session. The group had to cancel one week due to a school event, but participants chose not to schedule a make-up date.

Community Band

The Community Band will hold its final holiday performance on Monday, December 15th at Keystone Villa. This concert will also be Bruce's final day with the band.

I had the opportunity to meet with Jan, complete her paperwork, and address all of her questions. Bruce will transfer the storage key to her after the concert. Jan is excited to step into her new role and has already shared some fresh musical ideas for the group. She also has a couple of members interested in being an assistant band director and she plans to allow all interested to direct pieces of music at future concerts.

Community Day Events

The Booster Club Holiday Market at the Grove saw a strong turnout and provided an excellent opportunity for us to connect with many new families and community members.

School District QuickBooks Payments

Due to the school district experiencing credit card fraud for the second time, they elected not to add their card back into QuickBooks. To keep operations running smoothly, our account will temporarily cover the charges, and we will invoice the district monthly for reimbursement by check.

Summer Playground

Although our transportation and field trip grant request to the Pottstown Regional Community Foundation (formerly PHAWF) was not approved for 2026, registration momentum for Summer Playground remains very strong.

We currently have 22 participants registered, 7 additional families in the process of registering, and 7 more with items in their carts awaiting payment. With the \$50 early registration savings available through December 31st, we anticipate even more sign-ups before year-end.

TeamSnap

TeamSnap has upgraded our account to the new TeamSnapOne platform. This enhanced version includes additional features and offers an even more user-friendly experience for families. One exciting upcoming update is the ability to receive email notifications when new registrations come in—addressing my primary request. Overall, TeamSnap has performed exceptionally well this year and continues to support strong communication across all programs.

Next meeting will be January 15, 2026 @ 6:30 pm – via Zoom.
