In the past ten years, we have travelled extensively all over India and stayed in many hill stations like Kedarnath, Badrinath, Gangotri, Yemuntri, Rishikesh, Dehradun, Simla and down South at Munnar, Nilgiris and Kodaikanal.

Very recently we were fortunate to visit a Home Stay at Koodarangi, which is hardly 40 km (North East) from Calicut town.

The scenic beauty of the locality is beyond words. The self contained room provided to us was very tasty, nutritious and wholesome. The milk and milk products prepared from the farms own dairy farm, stirred nostalgic memories of pure cow's milk consumed by us during our childhood days.

The personal care and attention and Hospitality shown to us was homely and memorable.

In our opinion, altogether, the setup at the farm house is exemplary to all other home stay providers. I wish the management heartfelt congratulations and wishing the Institution. Vertical and Horizontal growth.

Closing with eagerly looking for the next visit along.
