We had a great stay. We thoroughly enjoyed the off road journey, our deer games and food. I would definitely recommend this place to my friends.

We can easily find the natural beauty of hills, ponds, rocks, especially waterfalls. Good homestay, Rooms, the great food which is created by Jisha Aunty. Thank you so much Vinod uncle for your wonderful Dedication. We are proud of you Uncle. We will definitely miss you. Because you are encouraging for celebrating life with nature. Because without nature we are zero. Thank you so much the Team DREAM ACRES.

The fog that filters down in the morning and evening... and the spectacle it unveils in to the sky... The panoramic beauty drawn by the hills and patches of greenery and the slowly penetrating cold... The hospitality bequeathed lovingly by Jisha and Vinu is unforgettable.

Thank you for the wonderful days spent with awe and admiration amidst the ripples of rivulets and the lullaby of swaying foliageages...
