

Virtual Parent Support Group

Greetings folks,

Please join us for a discussion on parenting and mental illness. However mental illness has touched your life, you are welcome to show up in our inclusive and supportive space.

I am noticing how my personal relationships are continually influenced by the impact of growing up in a family affected by mental illness. Perhaps you can relate or maybe you have a different concern.

Come through and experience a welcoming group of folks on Monday, June 17, 6:30-8:00 p.m., PST.

Click the meeting link below to join via Zoom.

Click the 'more information' button if you have any questions.

More information

Hope to see you there.

Warm regards,

Madhavi
