## We are on the air!

KHCX is on the air at full power and the FCC has the final licensing paperwork in front of them. KHCX is now operating under Program Test Authority until the license arrives.

A heartfelt thanks to so many who got us to this point. Specifically, Mark, Rob and the gang at South Central Radar, the home of the transmitter and tower. Thanks, too, to Rick Porter for his rewiring of the ABI building with fresh CAT6 cable and the time invested to assure that KHCX had a firm IT foundation.

And, thanks to the faculty, staff and students at Alaska Bible Institute. They certainly have made us feel welcome.

Shank Electric deserves a big shout-out for their donation of a great por-

tion of the installation of the electrical service at the transmitter site.

Be sure to tune in to FM 90.9 for 24-hour-a-day Christian Hits. ## Meet the volunteers.

Say HI to the Up & At 'Em co-host, Deb Butter. Deb was born and raised in Memphis, TN and has had a wide variety of careers, including the on-air weather reporter for FOX 13 in Memphis.

Now, Deb is attending ABI and spending even more time in the KHCX studio. Check out her new live show called Miracle Monday every Monday at 3:00 p.m.
