KHCX Provides Live Coverage of the ABI Graduation.

KHCX Operations Manager, Deb Butter is seen above practicing on the brand new VIA remote broadcasting mixer. This state-of-the-art tool allows two-way communication over an internet connection, providing studio quality, stereo audio for the KHCX listeners.

A special thanks is in order to the Community Foundation of the North State, through their Elmer Schmidt Christian Broadcasting fund, for the grant which allowed KHCX to recently acquire the VIA unit. The Alaska Bible Institute Graduation was the very first opportunity to put the remote unit to the test and it performed flawlessly.

Also, thanks to Rob Porter who assisted in configuring the transmit and receive units to 'talk' to each other. God always provides the right people at the right time to meet our needs.

Our plans include remote broadcasts from coffee shops in the area and, who knows, maybe play-by-play basketball is in our future.

Pastor Drew Simpson Shares About The *Serve The City* Event on the KHCX morning show.

On Sunday, May 19th, Church on the Rock Homer will be teaming up with several other local churches in what has come to be known as *Serve The City*. It's a time when the church comes together to serve our wonderful community in many, many ways. In partnership with the City of Homer, workers converge on Karen Hornaday Park at 9:00 a.m. Sunday morning to receive their assignments and head out to paint, saw, build and generally spruce up the town just before the on-rush of the tourist season. Then, after the assigned projects are completed, all return for a bar-b-que lunch.

Last year, over 300 volunteers provided over 1,300 man-hours of free labor for the City and individual projects for local homeowners. Even oil changes were provided for those in need of that service.
