Rep. Sarah Vance Drops by the Studio.

To promote the release of the film, *Sound of Freedom*, Rep. Vance shared her invitation to the entire community for a free showing at the Homer Theatre during its one-day run. Rep. Vance has been passionately and diligently working her anti-trafficking legislation through our State legislature. Please pray for a successful out-

come in the next legislative session which begins this January. Human trafficking knows no geographical boundaries and Alaska has one of the highest per capita percentages of trafficking. NOTE: The movie did take the nationwide top box office spot on July 4th!

KHCX was part of the Homer July 4th Parade. We are already looking forward to next year!
