Vigilance Awareness Week

Lecture by Sh. Ajay Kumar Kanoujia marks RVNL's observance of Vigilance Awareness Week 2025. [Read more](#)

Dear Colleagues and Stakeholders,

I have assumed charge as the Chairman and Managing Director of Rail Vikas Nigam Limited (RVNL). I take this opportunity to place on record my deep appreciation for the visionary leadership of my distinguished predecessors, whose foresight, dedication, and professionalism have significantly strengthened the foundation of this organisation.

As I take on this responsibility, my endeavour is not only to carry forward their rich legacy, but also to lead RVNL towards new frontiers of excellence, achievement, and sustainable growth. Our collective goal is to firmly position RVNL at the pinnacle of infrastructure development, both within India and on the global stage.

RVNL publishes a quarterly newsletter titled "RVNL Mirror". This publication serves as a valuable platform for the exchange of ideas and for disseminating information on the company's diverse activities, achievements, and innovations among employees and stakeholders. I am happy to present the September–December 2025 edition of RVNL Mirror, which encapsulates the progress, milestones, and collective efforts that defined this period. As RVNL continues to expand its footprint across India's infrastructure landscape, our strategic focus remains firmly anchored on innovation, execution excellence, financial prudence, and responsible, future-oriented growth.

During this period, significant advancements were achieved across our railway and urban infrastructure projects. These include steady progress in the Vande Bharat Sleeper trainset manufacturing ecosystem, major tunnelling milestones in the Rishikesh–Karnaprayag Rail Project, and sustained momentum in flagship projects such as Kolkata Metro Line, Pune Metro extension, and Chennai Metro Corridor. These achievements reinforce RVNL's critical role in shaping modern, efficient, and resilient transport infrastructure for a rapidly growing nation.

This quarter also witnessed RVNL actively representing India's infrastructure capabilities at key national and international industry platforms, with our participation in IREE 2025, held from 15–17 October. Director (Operations) showcased RVNL's project innovations, adoption of advanced technologies, and ongoing transformation initiatives at this forum. RVNL also participated in the inaugural session of the Tunnels & Bridges Conference 2025, organised by FICCI.

Principal Executive Director/ Business Development & East, RVNL participated in the 19th Annual Conference on Railways in India. We were also partners at the HT Leadership Summit held in New Delhi recently.

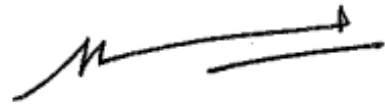

In alignment with national priorities, RVNL observed Vigilance Awareness Week from 27 October to 2 November, with a strong emphasis on integrity, transparency, and ethical governance. A series of activities—including awareness sessions, pledge ceremonies, interactive talks, competitions, and employee engagement initiatives—were conducted across offices, reinforcing our unwavering commitment to accountability and probity.

Our Corporate Social Responsibility initiatives during this quarter continued to promote inclusive and sustainable development, with focused interventions in community welfare, education, health, and environmental sustainability, guided by the principles of People, Planet, and Prosperity. RVNL has won prestigious CSR recognition at ET Champions CSR Conclave and we are also conferred with 'Champion of Change' CSR Award at the 17th CSR Leadership Summit 2026.

Looking ahead, RVNL's strategic vision is to consolidate its leadership in domestic infrastructure development while steadily expanding its presence in international markets. We are actively pursuing global infrastructure opportunities by leveraging our proven execution capabilities, technical expertise, and strong credentials in railway and metro projects. This focused international outreach will help diversify our portfolio and showcase India's infrastructure and engineering excellence globally.

These accomplishments and aspirations reflect the dedication, teamwork, and forward-looking spirit of the entire RVNL family. As we move ahead, I encourage each one of you to continue embracing innovation, strengthening collaboration, enhancing competitiveness, and contributing meaningfully to RVNL's mission of delivering impactful, world-class, and future-ready infrastructure for the nation and beyond.

With warm regards,

Shri Saleem Ahmad
Chairman & Managing Director
