

**HARRISON COUNTY
AGRI-BUSINESS ASSOCIATION**

P.O. Box 1717
Marshall, Texas 75671

Farm City Week Buyers and Supporters,

As most of you know the Coronavirus Pandemic has greatly affected Farm City Week 2020. After several days of coming up with other options and multiple back up plans, we as the Harrison County Agri-Business Association, made the difficult decision to cancel the live show and auction. I can tell you that was a tough and heart-breaking decision to make! After the decision was made, we went straight to thinking how we could still come through for our kids and see their hard work pay off! We have two ways you can support our youth.

If you made a purchase or add-on last year, you will receive a letter and a hard copy version of the “add-on” list in the mail. If you did not participate last year, or for some reason do not receive the letter, it is available both on our website (farmcityweek.org) and our Facebook page (Farm City Week). You’ll simply download the file, print it, and write the amount you wish to donate next to the exhibitor. Then total the amount and include a check for payment. Please be sure your contact information at the top is correct. Finally mail the sheets and your check to: HCABA, P.O. Box 1717, Marshall, Texas 75671. Please mail by April 10th!

The next option is something we are really excited about and feel is a great “Plan B”! We have partnered up with Stockshowauctions.com, and starting on Thursday March 26th, our kids’ projects will be listed on this incredible online auction platform. The auction will go on until April 2nd. Additionally, donors will be able to “add-on” monies to the final sale price of the project for 72 hours after the bidding ends. This is a PREMIUM sale which means the buyer does not take possession of the animal upon winning the bid. Billing will still be done by HCABA just like we do from year to year. I encourage you to please visit www.stockshowauctions.com. Click upcoming auctions and you will then see Harrison County Farm City Week. Please click on that link and start browsing through the kids’ projects to get ready to bid starting the 26th.

I want to close by saying these kids have been dealt a very hard hand this year. As a community, I feel it is our job to step up and help them in this trying time. I have said it once, and I’ll say it again, the kids that participate in Farm City Week are the hardest working—and in my opinion—the best kids our county has to offer. I’m asking you from the bottom of my heart to please take the time to sign up, and participate in our online auction to support these kids! God Bless You All and God Bless Harrison County!

Darrin Peeples,

HCABA President
