

DECOY AND AGGRESSION SEMINAR

OCTOBER 2-6

THEORY, FUNDAMENTALS, AND PRACTICE

Your patrol K9 is only as good as the K9 decoys you have to work with. To train and maintain hard-biting patrol K9's you need skilled decoys. This course is an intensive 5-day immersion focusing on "reading" K9 behavior, using body language, developing the power and commitment of the K9's bite and taking bites safely on every surface.
