

Memorial Hermann Life Flight
Operational Medicine

K9 Casualty Care Course

Date: Jan 8th, 2025
When: 8:00am - 5:00pm
**Where: 440 N US HWY 83,
Junction, Texas 76849**

The Kimble County Sheriff's Office Department is pleased to host the one day "K9 Casualty Care Course" pro-gram for all the First Responders, Law Enforcement, and K9 Handlers in the region. The training is sponsored by Memorial Hermann Life Flight Operational Medicine Unit.

The goal of Memorial Hermann Life Flight Operational Medicine (MHLFOM) includes "in field" emergency care to canine officers. Additionally, providing canine emergency care education to handlers, tactical medics, and EMS, who work closely with canine officers in the austere environment. Trends are drawn from current and civilian guidelines to be used for pre-hospital canine emergency care.

The class is designed for EMS, Law Enforcement Officers, and K9 Handlers. This class consist of lectures on topics consisting of trauma care, common medical emergencies,

Narcan usage for canines, and common toxins experienced in the field. Several skill stations are also included.

This course will be limited to 40 students and their Operational K9s applicable. Training materials and attendance is FREE but donations to Life Flight are welcomed. Department K9s are welcome to attend but not required for the course. TCOLE and CE Hours are eligible for this training

Please use the email below for further questions. **To register for the course, simply email Deputy Matthew Christian with the name, agency, and contact information for each person attending: Email: matthew.christian@co.kimble.tx.us.**
