

Connect with Local Families through a Kids Give Back Sponsorship!

Kids Give Back is a nonprofit charitable organization that provides volunteer opportunities for children, ages 6-12. Every project we undertake meets a need in our community, such as making meals for the homeless, preparing gifts for the INOVA healthcare team, assembling art kits for disabled adults, making gifts for senior citizens, and much more.

Sponsorship places your company in front of 500+ local families and other nonprofit organizations while helping us purchase project supplies. In essence, your sponsorship supports two organizations: Kids Give Back and the organization that benefits from our service projects.
