

ELEGANCE & BEAUTY

Where Nature Meets Innovation

PRODUCTS CATALOGUE

This skincare collection draws inspiration from the latest frontiers of biotechnology, harnessing innovative actives such as peptides, ceramides, hyaluronic acid, and diosmin. These advanced molecules are seamlessly blended with nutrient-rich natural elements, including plant-based oils and essential vitamins. The result is a synergistic approach that stimulates cellular vitality, enhancing skin's luminosity, firmness, and overall balance. Each formula is carefully developed to meet the needs of those seeking effective solutions for visible skin concerns, while promoting a renewed and naturally healthy appearance.

bottle 30 ml

ELIXIR BOOSTER

🇬🇧 *Moisturizing Hyaluronic Acid*

DESCRIPTION: This product based its activity on the excellent moisturizing properties of the high and low molecular weight Hyaluronic Acid. It forms a protective layer on the skin, improving its hydration. The texture is thick but non-sticky and leaves the skin smooth and velvet. **USE:** Apply the product on the face until it is complete absorbed. After apply the cream in base at your skin's type.

Main Active Ingredients:

Hyaluronic acid low molecular weigh

Low molecular weight hyaluronic acid penetrates deeper into the skin, providing intense hydration, improving elasticity, and reducing the appearance of fine lines and wrinkles for a plumper, smoother complexion.

Hyaluronic acid high molecular weight

High molecular weight hyaluronic acid forms a protective barrier on the skin's surface, locking in moisture, providing immediate hydration, and smoothing the skin for a plump, radiant appearance.

HYDRA PURE

Mattifying and Oil Control Cream

DESCRIPTION: A quick-absorbing moisturizing cream specifically designed for oily and combination skin. It provides a mattifying and oil control effect thanks to the inorganic talc powder, that help to reduce oily excess and impurities. Leaves the skin moisturized, mattified and sebum balanced.

USE: Apply the cream to the face in the morning and evening and massage it in until completely absorbed.

Main Active Ingredients:

Inorganic Aluminum Powder

has the ability to provide a smooth, matte finish and control oil production.

Shea Butter

nourishes and deeply moisturizes the skin promoting softness.

Zinc PCA

is a biological active able to promote astringent action on skin pores, reducing sebum production. Inhibits collagenase enzyme, showing additional anti wrinkle features. Zinc interferes with bacterial proteins activity, with a proven bacteriostatic action.

Sulphur protein

have purifying and antibacterial properties, helping to regulate sebum production, reduce acne, and promote skin healing.

Ceramides

restore the skin's natural barrier, locking in moisture, improving hydration, and protecting against environmental damage.

SKIN REVIT

Anti-aging Cream

DESCRIPTION: This cream contains hyaluronic acid and a biotechnologically derived peptide, which help to stimulate the skin's collagen production and have an anti-wrinkle and antiage effects. This formula improves the appearance of the skin, leaving it smooth, velvety and radiant. **USE:** Apply the cream to the face in the morning and evening and massage it in until completely absorbed.

Main Active Ingredients:

Urea and Natural Moisturizing Factor (NMF)

work together to attract and retain moisture, keeping the skin hydrated, soft, and smooth while enhancing its barrier function.

Polyptides

stimulates fibroblasts to increase collagen production.

Hyaluronic Acid

deeply hydrates the skin, plumping and smoothing fine lines by attracting and retaining moisture for a youthful, radiant complexion.

Vitamins E

is a potent antioxidant that helps protect the skin from free radical damage, promotes healing, and enhances moisture retention, leaving the skin nourished and radiant.

Avocado and Wheat Germ Oil

Avocado and wheat germ oils are rich in vitamins and fatty acids, deeply nourishing and moisturizing the skin, improving elasticity, and protecting against dryness and aging signs.

HYDRA PLUS

Intensive Hydration Cream

DESCRIPTION: This cream is rich in active ingredients such as Snail Serum, Hyaluronic Acid, and Vegetable Ceramides, known to help maintain the skin's natural hydration. Its daily use supports dehydrated skin, leaving it feeling soft, smooth, and radiant. **USE:** Apply the cream to the face in the morning and evening and massage it in until completely absorbed.

Main Active Ingredients:

Snail Serum

accelerates skin regeneration, hydrates, and boosts collagen production, fine lines, and uneven skin tone.

Ceramides

restore the skin's natural barrier, locking in moisture, improving hydration, and protecting against environmental damage.

Hyaluronic Acid

deeply hydrates the skin, plumping and smoothing fine lines by attracting and retaining moisture for a youthful, radiant complexion.

Shea Butter

nourishes and deeply moisturizes the skin, promoting softness, elasticity, and soothing dryness or irritation.

Sun Filter

protect the skin from harmful UV rays, preventing sunburn, premature aging, and reducing the risk of skin damage.

Packaging:
jar 50 ml

Packaging:
jar 15 ml

EYE CREAM

Against Puffiness Antiage

DESCRIPTION: Eye contour cream with specific action on under-eye puffiness and crow's feet. It contains a peptide, diosmine and natural extracts that have a draining effect on the eye bags and prevent periorcular ageing. Used regularly, it gives radiance and vitality to the eye area. **USE:** Apply the cream by gently tapping with your fingertips around the eyes, then massage until completely absorbed.

Main Active Ingredients:

Diosmine

is a flavonoid with anti-inflammatory and antioxidant properties, helping to improve circulation, reduce swelling, and strengthen blood vessels, promoting healthier, more resilient skin.

Coleus Forskohlil Root Extract

stimulates fat burning and improves circulation, making it beneficial for slimming and firming treatments.

Palmitoyl Tetrapeptide-7

is a biomimetic peptide that helps reduce inflammation and improve skin elasticity. It works by stimulating the skin's natural healing processes and reducing collagen breakdown.

Bilberry Extract

rich in antioxidants and improves microcirculation, strengthens capillary walls and soothes the skin.

Sunflower Seed Oil and She Butter

provide deep hydration, nourishment, and protection. They restore moisture, improve skin texture, and leave the skin feeling soft and smooth. They are excellent for soothing dry or irritated skin and providing long-lasting hydration.
