### PRESS RELEASE

Brandon United FC Board of directors have the pleasure to announce that we have signed an international partnership agreement with Villarreal CF, a top soccer club in Spain's La Liga and current UEFA Europa League champion and semi finalist at the 2022 Champions League.

This Agreement will provide, to all soccer players from Westman and Manitoba, the opportunity to train and play in a top level in a professional international Academy as Villarreal Manitoba, an officially affiliated Academy of Villarreal C.F. in Manitoba, performed by BUFC under the supervision of the professional club.

VIMA academy focuses on player development for players from 3 to 18 years of age.

We were pleasantly surprised by the friendliness and fair treatment we received from Villarreal despite being a small academy in the middle of the Canadian prairies.

Players at Villarreal Manitoba Academy who, throughout the season, consistently demonstrate top level training, skills and behavior will have opportunities to be invited to Villarreal's state-of-the-art training facilities in Spain, home to one of the best youth academies in the world.
