

STRENGTHENING FATHERS AND FAMILIES

The Colorado Fatherhood Program

The Colorado Fatherhood Program is a five-year, \$7.5 million federally funded initiative of the Colorado Department of Early Childhood.

Seven fatherhood programs with nine locations across Colorado have received funding from this program to support fathers to sustain healthy relationships, work toward financial well-being, and reinforce responsible parenting through skills-based parent education workshops. Participating fathers also receive one-on-one support from fatherhood advocates.

Services are voluntary and targeted to fathers and father figures over the age of 18, with a child or children under the age of 24.

The Colorado Fatherhood Program grantees support fathers to:

GROW their parenting knowledge to be more active in their child's life

STRENGTHEN their relationship with their child's other parent or caregivers

ADVANCE their career or get a new job

WORK with programs like child support and access services to address challenges they may be facing

DEVELOP a healthy network of family and friends who can lend a hand when they need it

FORM friendships with other dads
