Did you Know...

that Rollie Pollie bugs are related to shrimp and breath through gills like fish? That's why they live in moist areas.

*“Let the children be free;
encourage them;
let them run outside when it is raining;
let them remove their shoes when they find a puddle of water;
and when the grass of the meadows is wet with dew,
let them run on it and trample it with their bare feet;
let them rest peacefully when a tree invites them to sleep beneath its shade;
let them shout and laugh when the sun wakes them in the morning.”*

Tie-Dye Fall Leaves

What you'll need:

- Coffee filters -Markers -Spray Bottle
- Shallow dish -Scissors

First, color the coffee filters with marker. Next, place them on a baking sheet, tray, or shallow dish. Spray with water. Set aside to dry or place in the sun to speed it up a bit. Once the coffee filters are dry, make leaf shapes from them. All done!
