Certificate of Privacy Assurance to Patients

In the course of your care as a patient at Elk Ridge Chiropractic & Wellness Center, we may use or disclose personal information about you in the following ways:
- Your personal health information, including your clinical records, may be disclosed to another health care provider or hospital if it is necessary to refer you for further diagnosis, assessment, or treatment.
- Your healthcare records as well as your billing records may be disclosed to another party, such as an insurance carrier, a HMO, or a PPO, if they are or may be responsible for payment of services.
- Your name, address, phone number, and your health records may be used to contact you regarding appointment reminders, information about alternatives to your present care, or other health related information that may be of interest to you.
- If you are not at home to receive an appointment reminder, a message may be left on your answering machine.
- Further, you have the right to inspect or obtain a copy of the information we will use for these purposes. You also have the right to refuse to provide authorization for this office to contact you regarding these matters. If you do not provide us with this authorization it will not affect the care provided to you or the reimbursement avenues associated with your care.

Under federal law, we are also permitted/required to use or disclose your health information without your consent or authorization in these following circumstances:
- If we are providing health care services to you based on the orders of another health care provider.
- If we provide health care services to you in an emergency.
- If we are required by law to provide care to you and we are unable to obtain your consent after attempting to do so.
- If there are substantial barriers to communicating with you, but in our professional judgment we believe that you intend for us to provide care.
- If we are ordered by the courts or another appropriate agency.

Any use or disclosure of your protected health information, other than as outlined above, will only be made upon your written authorization.
We normally provide information about your health care to you in person at the time you receive chiropractic care from us. We may also mail information to you regarding your health care or about the status of your account. If you would like to receive this information at another address other than your home or if you would like the information in a different form please advise us in writing as to your preferences.

This office utilizes an "*Open Adjusting*" environment for our ongoing patient care. "*Open Adjusting*" involves several patients being seen in the same adjusting room at the same time. Patients are within sight of one another and some ongoing routine details of care are discussed within earshot of other patients and staff. This environment is used for ongoing care and this is NOT the environment used for taking patient histories, providing examinations, or presenting reports of findings. These procedures are completed in a private and confidential setting. The use of this format is intended to make your experience with our office more efficient and productive as well as to enhance your experience with our office and to enhance your access to quality health care and health information. If you choose not to be adjusted in an "*Open Adjusting*" environment, other arrangements will be made for you.

You have the right to inspect and/or copy your health information with a signed records release for seven (7) years from the date that the record was created or as long as the information remains in our files. In addition you have the right to an amendment to your health information. Requests to inspect, copy, or amend your health related information should be provided to us in writing. We are required by state and federal law to maintain the privacy of our patient file and protect your health information therein. We are also required to provide you with this notice of our privacy practices with respect to your health information. We are further required by law to abide by the terms of this notice while it is in effect.

We reserve the right to alter or amend the terms of this privacy notice. If changes are made to our privacy notice we will notify you in writing as soon as possible following the changes. Any change in our privacy policy will apply to all of your health information in our files. Information that we use or disclose based on this privacy notice may be subject to re-disclosure by the person to whom we provide the information and may no longer be protected by the federal privacy rules.

I have read and agree to the above.

ACKNOWLEDGEMENT

When a patient seeks Chiropractic healthcare and Elk Ridge Chiropractic & Wellness Center accepts a patient for such care, it is essential for both parties to be working towards the same objective.

Chiropractic has only one goal. It is important that each patient understands both the objective and the method that will be used to obtain it. This will prevent any confusion or disappointment.

Vertebral Subluxation: A misalignment of one or more of the 24 vertebra in the spinal column, which causes alterations of nerve function and interference to the transmission of mental impulses, resulting in lessening of the body's innate (in born) ability to express its maximum health potential (reduce the body's function).

Adjustment: An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our Chiropractic method of correction is by specific adjustments of the spine.

Health: A state of physical, mental, and social well-being, not merely the absence of disease or infirmity.

We primarily treat and diagnose neuromusculoskeletal disorders. If during the course of Chiropractic spinal examination, we encounter non-Chiropractic unusual findings, we will advise you. If you desire advice, diagnosis, or treatment for those non-Chiropractic unusual findings, we will recommend that you seek the services of another healthcare provider. Though we work to treat and eliminate the primary complaint, we cannot guarantee outcomes or results.

We utilize a Postural Screening Analysis to identify structural anatomical issues by analyzing your posture, using a program meant specifically for this purpose. In order to create this screening, photographs will be taken using 2-4 views of your body standing in a neutral position. For the best results, we ask that you wear shorts and a tank top. These photos will be used for the practitioner to assess your posture and will be viewed only by office staff. The screening will be saved to your patient file and email to the email address you provided.

I **(Print Your Name)** ____ have read and fully understand the above statements. All questions regarding the Doctor's objectives pertaining to my care, in this office, have been answered to my complete satisfaction. I therefore consent to Chiropractic care and treatment on this basis.
