

OBEDIENCE

TRAINING PROGRAMS

BUILDING BETTER BEHAVIOR.

INTRODUCTION

Obedience training is more than just teaching commands—it's the key to a balanced, respectful relationship with your dog. Whether you're starting fresh with a new puppy or working through unwanted behaviors with an adult dog, our private programs are designed to help you confidently guide your dog through real-life situations.

At *King's K-9 Training*, we focus on structure, communication, and trust. Our methods are relationship-based and tailored to your dog's personality, learning pace, and your lifestyle. You'll learn practical tools you can use daily—and gain a better understanding of your dog's behavior and needs.

Choose between a **fast-tracked 4-session package** or a **comprehensive 8-session program**. Both options offer 1-on-1 attention, a proven structure, and the flexibility to work toward your goals at your pace.
