

Live Well & Prosper

A COMPLIMENTARY WELLNESS SERIES
5-6 P.M. | SONORAN

WHAT'S SKIN IT FOR YOU? TUESDAY, JANUARY 28

Join us as we delve into the latest insights and advancements in dermatology. This event is designed to provide valuable knowledge about skin health, common dermatological conditions, and cutting-edge treatments, with a special focus on skin cancer awareness and prevention.

Discover the latest advancements in dermatology, including new treatments and technologies. You'll also hear an inspiring story from Desert Mountain Member Mary Moase, who will share her personal melanoma journey.

This event is proudly sponsored by Desert Mountain CARE and HonorHealth.

Dr. Maya Thosani — has completed her dermatology residency at Stony Brook University Hospital, specializing in skin cancer at Memorial Sloan-Kettering (MSK) Skin Cancer Center.

Dr. Thosani focuses on cutaneous oncology, dermoscopy for early skin cancer detection, and simplifying treatments for patients.

She is skilled in performing both minor and invasive melanoma surgeries. As part of the HonorHealth Medical Staff, Dr Thosani also makes it a priority to counsel her patients about sun avoidance, prevention, and reversal of damage.

PRE-REGISTRATION IS REQUIRED FOR ALL PROGRAMS. CONTACT OUR CONCIERGE AT 480-488-1363 OR BOOK ONLINE.
