It is a continuation of the Naruto storyline, which began in 2002. Naruto Uzumaki, the protagonist of the series, is a ninja determined to become the next Hokage. He also has a long way to go before he reaches that goal: right now, he is beginning his training with his sensei, Kakashi Hatake, who may or may not be finished. Naruto Shippuden Characters Sasuke Uchiha Sasuke Uchiha is a member of Team 7 and the last survivor of the Uchiha clan. His older brother, Itachi, murdered his family when Sasuke was young, leaving him with only loneliness and anger. He is a missing ninja who has embarked on his own journey to find peace since he betrayed Konoha by joining forces with Orochimaru and later Akatsuki to learn how to use his curse mark. Despite everything he has done, Naruto still considers him a friend, and it is because of this friendship that Sasuke decides not to kill Naruto when they fight in their final battle in Part 2. Itachi Uchiha Itachi Uchiha, one of Naruto's most popular characters, was Sasuke's older brother and a member of the Uchiha clan. He was a cool ninja who could use the Sharingan and Mangekyo Sharingan, as well as other jutsu such as the Kotoamatsukami and Izanami.

He also had a good relationship with his younger brother. Kakashi Hatake Kakashi Hatake is a shinobi from Konohagakure who served as a team leader in the ANBU.
He was also the sensei of Team 7, consisting of Naruto Uzumaki, Sasuke Uchiha and Sakura Haruno. In the manga series, Kakashi has short silver hair, with the sides longer than the top (making him look like he has an inverted bowl haircut). He wears the forehead protector as a scarf on the top of his head at all times.
Kakashi wears the forehead protector over his left eye instead of covering it with a patch over both eyes as most ninja do (except for Akatsuki members, who normally cover their eyes when not fighting). wilenalujojo.pdf This may be because he lost an eye during the battle with Obito Uchiha in his previous life, as well as keeping up appearances so that no one suspects anything about him being blind in one eye, which might make them think twice before challenging him or trying anything funny while they are around him, especially since everyone knows how powerful he is after defeating Madara Uchiha when no one could even touch him. Sakura Haruno Sakura Haruno is a ninja expert in medical ninjutsu and is currently the apprentice of the Fifth Hokage Tsunade. She is a member of Team 7 along with Naruto Uzumaki, Sasuke Uchiha and Kakashi Hatake. While her teammates have been promoted to the rank of jonin, Sakura remains an ordinary genin.

Before they became teammates, Sakura was constantly bullied by Ino Yamanaka because she was jealous of Sakura’s large forehead (her own forehead is quite small).
However, ever since that incident in their childhood where Ino tried to get revenge on them, but ended up drowning due to her lack of swimming or floating skills; things between the two became more friendly between the two as friends instead of enemies due to this incident occurring before their graduation to become Genin for the Konoha Village Academy where most students attend school instead before being assigned to missions either from teachers or higher ranking shinobi such as Kakashi Hatake who teaches at this academy every day during the morning class sessions as he has other duties such as training new recruits such as Naruto Uzumaki who are entering basic combat classes along with other classmates such as Sasuke Uchiha who also attends these same classes with other students as well! Konohamaru Sarutobi (Episode 491) Konohamaru Sarutobi (雑賀小天狗, Sarutobi Konohamaru) is a shinobi of the Sarutobi clan and the sensei of Naruto Uzumaki and his team. He is a student of Asuma Sarutobi, grandson of the Third Hokage and grandson of the Fourth Kazekage. Haku Haku was a Zabuza and Haku’s student.

He was also a water user, who later became a member of the Seven Shinobi Swordsmen of the Mist. Unfortunately, he was killed by his master when he tried to protect Naruto from Zabuza’s attack; despite this, he still clings to his sensei’s last words, “I trust you with my will.” Haku is one of the most beloved characters in Naruto Shippuden because he taught us that you can still be good even if you don’t want to kill someone. Iruka Umino Iruka Umino is a ninja from Konohagakure.

He is a teacher at the Ninja Academy, and also serves as an advisor to Naruto Uzumaki. Iruka cares deeply for Naruto, becoming his mentor and father figure after his own father was killed in battle during the Second Shinobi World War. contemporary_sociological_theory_turner_online.pdf Iruka’s name is based on the Japanese word “iruka”, meaning “master”. Believe it or not, filler episodes are a necessity in animated television shows, especially ones that have been on the air for so long as Naruto. While some shows have been able to keep their audience captivated with one main storyline, others have had to resort to side stories, side characters, and even filler episodes to keep things interesting for their audience.
Even though filler episodes are a necessary evil for some shows, the way Naruto Shippuden filler list are used in shows like Naruto Shippuden can sometimes be confusing and even awkward. While it is often hard to stand out from the crowd of other shows, the filler episodes of Naruto Shippuden do a good job at being different from the main storyline without being confusing.There have been a total of 150+ filler episodes. These episodes were not part of the main plot, but added to the story to keep it interesting. Fans usually discredit these episodes as being useless, but you may find some of them fascinating.1-19, 24-25, 45, 49-50, 54, 56, 71, 89-90, 112, 115, 127-128, 213, 254, 296, 324, 327-328, 330-331, 338, 346, 362, 385-386, 415, 419, 426, 451-458, 460-462, 469, 471-472, 478-47957-70, 91-111, 144-151, 170-171, 176-196, 223-242, 257-260, 271, 279-281, 284-295, 303-320, 347-361, 376-377, 388-390, 394-413, 416-417, 422-423, 427-450, 464-468, 480-483Also Check:- Where can I watch Naruto Shippuden dubbed?
