Delta & Express Scripts Update from President Robin Rose, Vice President Merri Furler and President Elect Ann Adler who recently met with Delta reps.

In early October, some Medicare retirees with the Anthem supplemental medical plan **may** have received a letter from Express Scripts stating that the participant has prescription drug coverage in addition to Express Scripts. On the back of that letter was information regarding this additional prescription drug plan, with the insurance name of CARELONRX which is affiliated with Anthem.

REACTA has been in contact with Delta Health Systems to get clarification, and Delta is researching this with Express Scripts and Anthem. For now, you are advised not to do anything regarding the Express Scripts letter. Your Express Scripts Medicare Prescription Drug Plan is still intact, and there are no changes.

As soon as we have more information, we will communicate that with REACTA members.

Stay tuned!
