## **Elections Matter!**

There are several issues on the "front burner" that REACTA members should be aware of:

- **General Election** – REACTA does not make any candidate recommendations nor do we take a position on Initiatives. However, we are committed to letting our members know the recommendations made by CTA to its members. Please take the time to visit the CTA website, [www.cta.org](http://www.cta.org) and click the 2022 Elections link. You will find the recommendations for all statewide offices, Initiatives, Congressional races, Assembly and State Senate races, and candidates being endorsed in your local school board election. This is a crucial election year and every vote is important. Please seriously consider these recommendations when you cast your ballot.
- **REACTA Election** – Ballot for officers and Bylaws Amendments will be snail mailed this week. Please read the directions. Results should be announced in early December.
- **Delta Dental** – There was discussion at our annual meeting about Delta Dental reducing their provider network through cost squeezing and alleged interference with dentists' treatment plans. Our Health Trustees discussed this at their October 8 meeting and will push the issue with their consultants and look at other options for dental coverage. There are limited options available but certainly it is time to pressure Delta so they will not further reduce their network of providers. If your dentist has recently withdrawn from Delta, let me know so we can build a case for our Trustees. Thanks.
