

Key Information and design considerations

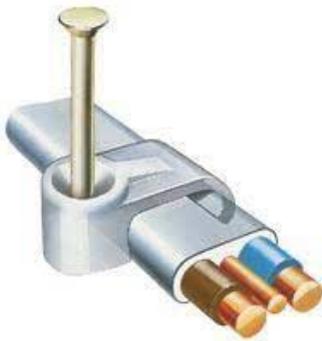

House Type
Old Victorian House

Earthing System
TN-C-S Z_e 0.14 Ω

Hager VM114
14 Way Consumer Unit
100 Amp Main Switch

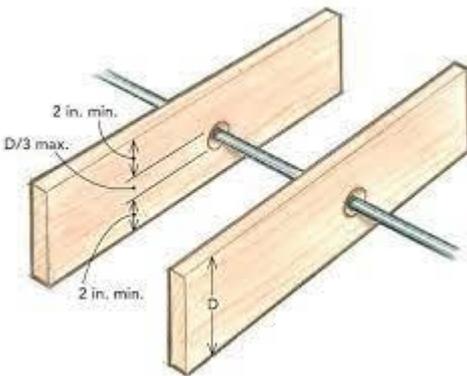

Cable Type
70°C thermoplastic insulated and sheathed flat cable with a protective conductor.

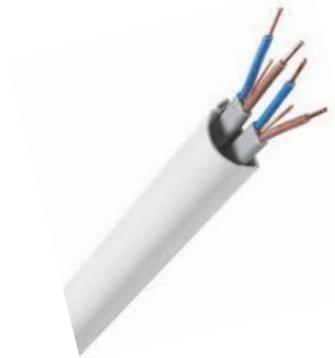

Circuit Length
78 metres

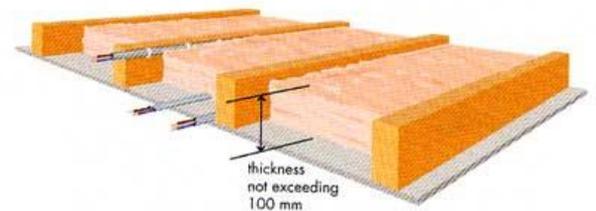

Highest Ambient Temperature
30°C

Circuit Installation
Under floor through joists.

Circuit Installation
Surface PVC mini trunking grouped with one other circuit.

Circuit Installation
Loft area cable covered by 90mm of thermal insulation on one side.
