FROM THE PRESIDENT

Queen Bee's Message:

At last we were able to **meet without masks**. It was a real joy to see so many smiles. Also we had several **visitors who are becoming members**. I am feeling that this year is going to be an exciting time for Ladies Aid.

The **scholarship committee** received several applications and are beginning the process of reviewing them. They will be choosing 3 young women to receive our scholarship before May. We can be proud of the fact we are able to **offer three \$1,000 scholarships**.

The **Art Tour Lunch is coming in May**. This has been successful because of your willingness to help. At the April meeting we will be asking for volunteers, so please consider how you can help.

We are fortunate to have been on the **IGA and ACE Hardware Roundup program**. This was the second year for us. The success of last year's donations gave us the ability to continue to serve the community. **Please take time to say "Thank you"** to those businesses especially the cashiers.

Our **guest speaker for the April meeting will be Karen Prasse from the Stanwood Historical Society**, an amazing woman who has lots of information about this area. She will be telling us about research availability at the museum. Bring your questions.

We are always looking for programs for our meetings. Please let me know your ideas.

Mary Margaret

Did you know . . .

. . . that the Fire Department will change the batteries in your smoke alarms?

Plea for Bees

Let the dandelions grow...it's their favorite early Spring bloom.
