

FORENSICLEAN

Service Menu

Since 2013, Forensiclean has been the go-to provider for high-risk, high-complexity cleanup and restoration across California. Our certified team handles the jobs others won't—from crime scenes and hoarding situations to commercial waste and festival sanitation.

 **Trauma and Crime Scenes:** Certified cleanup of blood, bodily fluids, and violent incident aftermath in homes, businesses, or public areas. We respond quickly, work discreetly, and restore safety with compassion and care.

 **Sharps Removal and Medical Waste:** Certified collection and disposal of needles, syringes, PPE, and regulated medical waste. We ensure full OSHA and state compliance for homes, encampments, and public facilities.

 **Government and Agency Partnerships:** Trusted by cities, counties, and federal agencies for trauma cleanup, encampment remediation, and environmental response. GSA registered and fully compliant with public contract, Title VI, and grant conditions.

 **Commercial Partnerships:** Biohazard and waste remediation for office buildings, retail spaces, and industrial facilities. We coordinate with property management to minimize disruption and meet inspection standards.

 **Distressed Properties and Foreclosures:** Full remediation for properties left abandoned, hoarded, or contaminated after eviction or foreclosure. We restore habitability for resale, renovation, or code compliance.

 **Contaminated Vehicles:** Interior decontamination and odor removal for personal, rental, and fleet vehicles exposed to trauma or waste. Includes documentation for resale, insurance, or law enforcement fleets.

 **Environmental Restoration:** Cleanup of flood zones, levees, creeks, and stormwater systems contaminated by waste or encampments. We support public works, environmental health, and multi-agency response teams.

 **Illegal Dumping:** Removal of illegally dumped trash, furniture, biohazards, and drug waste from public or private property. We handle everything from curbside waste to rural land remediation.

 **Residential Deep Cleaning:** Certified disinfection and odor remediation after medical events, trauma, or long-term neglect. We go beyond surface cleaning to restore safety and support healing.

 **Hoarding Services:** Trauma-informed cleanup of cluttered, unsafe, or unsanitary homes affected by hoarding. We preserve dignity while restoring safety, sanitation, and access to care.

 **Unattended Death or Delayed Discovery:** Discreet, certified cleanup of decomposition, odor, and biohazards following delayed discovery. We handle every step with respect, privacy, and legal compliance.

 **Mold Remediation:** Certified mold cleanup with a trauma-informed approach. We safely remove mold, address moisture issues, and provide clearance-ready documentation for homes and facilities.

 **Bulk Household Waste and Trash Removal:** Removal of trash, furniture, and accumulated debris from rentals, evictions, and distressed homes. We clear, sanitize, and prep properties for re-rental, inspection, or sale.

 **Debris Box Rentals:** Affordable 14-yard debris box rentals for cleanouts, tenant turnovers, and property projects. Flexible delivery, weekend options, and full-service hauling available.

 **Interstate Hauling:** Licensed interstate hauling for enclosed trailers, jobsite equipment, and non-hazardous materials. Supports staging, transport, and logistics for public and private sector clients.

 **Special Events and Festival Waste Management:** Scalable cleanup services for parades, pop-ups, and multi-day events. From debris box rental to live trash crews, we help keep your event safe, clean, and compliant.
