OUR PANELS

Discover the beauty and precision of our panels, featuring a width and height tolerance of $-1/8"$. For instance, a panel labeled as 24" x 48" will measure exactly 23.88" x 47.88" ($23\ 7/8"$ x $47\ 7/8"$).

Crafted from durable $1/8"$ thick aluminum, our panels come with pre-drilled holes of 0.2" diameter spaced around the edges, making installation a breeze.

****Installation of Panel****

Installing our standard panels is a straightforward process. With the pre-drilled holes around the perimeter, you can easily frame them into wood or directly mount them to a surface. They can also be elegantly hung from a chain for decorative flair. Our panels attach seamlessly to an already finished frame, and while we offer a variety of mounting options, custom orders are also available to meet your needs.

****Why Choose Our Panels?****

Transform your space with our decorative panels, perfect for adding a stylish touch to any structure. Whether looking to refresh your home's appearance or add character to a commercial property, our panels are simple to install and provide a durable, long-lasting finish. With an extensive selection of colors and styles, you can create a unique look that resonates with your personal aesthetic. So don't hesitate—give your building the upgrade it deserves with our premium decorative products!

****What Can Our Decorative Products Be Used For?****

****Policy****

Panel width and height tolerance: $-1/8"$

1. No returns or exchanges are allowed on custom orders.
2. You have 24 hours upon receiving your item to report any damages or issues.
3. Return shipping costs and associated fees are not covered.
4. All products are thoroughly inspected before leaving our facility.
5. Cancellations cannot be processed once manufacturing has begun.

NOTES:

Please be advised that some panels and gates may have sharp edges. These decorative items are not intended for children's use and are not designed to be climbed on by children, adults, or any other living beings.
