

## 2020-21 Combined World's Best Workforce (WBWF) Summary and Achievement and Integration (A&I) Progress Report

Please use this template as an internal tool to gather information. Responses should be submitted electronically in the [Combined 2020-21 WBWF and A&I Annual Summary & Progress Report](#). You can copy your responses from this template into the electronic form.

**District or Charter Name:** Bdote Learning Center

**Grades Served:** K-8

**WBWF Contact:** Karen Terhaar

**A&I Contact:** Karen Terhaar

**Title:** Executive Director

**Title:** Executive Director

**Phone:** 612-729-9266

**Phone:** 612-729-9266

**Email:** karent@bdote.org

**Email:** karent@bdote.org

Did you have a Minnesota Department of Education (MDE) approved A&I plan implemented in the 2020-21 school year (SY)?

Yes  No

This report has three parts:

1. **WBWF:** Required for all districts/charters.
2. **A&I:** Required for districts that were implementing an MDE approved A&I plan during the 2020-21 SY. No charter schools should complete this section.
3. **Racially Identifiable School:** Required for districts that were implementing an MDE approved A&I plan for Racially Identifiable Schools during the 2020-21 SY. No charter schools should complete this section.

***Please ensure the WBWF leadership and A&I leadership collaborate within your district when completing this report.***

## World's Best Workforce

### Annual Report

MDE understands this past school year (2020-21) ended under unique circumstances due to the COVID-19 pandemic. Therefore, we are providing reporting options that reflect this disruption in your ability to appropriately report annual progress.

**WBWF Requirement:** For each school year, the school board must publish a report in the local newspaper, by mail or by electronic means on the district website.

**A&I Requirement:** Districts must post a copy of their A&I plan, a preliminary analysis on goal progress, and related data on student achievement on their website 30 days prior to the annual public meeting.

- Provide the direct website link to the district's WBWF annual report. If a link is not available, describe how the district disseminates the report to stakeholders.
- Provide the direct website link to the A&I materials.

### Annual Public Meeting

**These annual public meetings were to be held in the fall of each school year. Report on this measure for the 2020-21 school year.**

**WBWF Requirement:** School boards are to hold an annual public meeting to communicate plans for the upcoming school year based on a review of goals, outcomes and strategies from the previous year. Stakeholders should be meaningfully involved, and this meeting is to occur separately from a regularly scheduled school board meeting.

**A&I Requirement:** The public meeting for A&I is to be held at the same time as the WBWF annual public meeting.

- Provide the date of the school board annual public meeting to review progress on the WBWF plan and Achievement and Integration plan for the 2020-21 school year.

The report was submitted on December 27, 2021. <https://bdote.org/board-agendas-2016-20>

### District Advisory Committee

**The District Advisory Committee should be in place at the start of the school year. Report on your membership list.**

**WBWF Requirement:** The district advisory committee must reflect the diversity of the district and its school sites. It must include teachers, parents, support staff, students, and other community residents. Parents and other community residents are to comprise at least two-thirds of advisory committee members, when possible. The district advisory committee makes recommendations to the school board.

Complete the list of your district advisory committee members for the 2020-21 school year. Expand the table to include all committee members. Ensure roles are clear (teachers, parents, support staff, students, and other community residents).

District Advisory Committee Members	Role in District	Are they part of the Achievement and Integration leadership team? (Mark X if Yes)
Graham Hartley	administrator	
Beth Brown	teacher	
Maggie Lorenz	parent	
Kate Beane	parent	

**Equitable Access to Excellent and Diverse Educators**

*Staffing should be in place by the start of the 2020-21 school year. Report on your equitable access to excellent and diverse educators for the start of the 2020-21 school year.*

**WBWF Requirement:** WBWF requires districts and charters to have a process in place to ensure students from low income families, students of color, and American Indian students are not taught at disproportionate rates by inexperienced, out-of-field, and ineffective teachers. The legislation also requires that districts have strategies to increase access to teachers who reflect the racial and ethnic diversity of students.

While districts/charters may have their own local definitions, please note the definitions developed by Minnesota stakeholders during the Every Student Succeeds Act (ESSA) state plan development process:

- An **ineffective teacher** is defined as a teacher who is not meeting professional teaching standards, as defined in local teacher development and evaluation (TDE) systems.
- An **inexperienced teacher** is defined as a licensed teacher who has taught for three or fewer years.
- An **out-of-field teacher** is defined as a licensed teacher who is providing instruction in an area which he or she is not licensed.

The term “equitable access gap” refers to the difference between the rate(s) at which students from low income families, students of color, and American Indian students are taught by inexperienced, out-of-field, or ineffective teachers and the rate at which other students are taught by the same teacher types. This is not to be confused with the “achievement gap” (how groups of students perform academically); rather, “equitable access gap” is about which student groups have privileged or limited access to experienced, in-field and effective teachers.

Districts/charters are encouraged to monitor the distribution of teachers and identify equitable access gaps between and within schools, but they may also make comparisons to the state averages or to similar schools. It is important to note that some of the most significant equitable access gaps occur at the school and classroom level.

Districts/charters may also use other indicators of “effectiveness” such as teachers receiving stronger evaluations overall, teachers with strengths in particular dimensions of practice (e.g., culturally responsive practices), teachers certified by the National Board for Professional Teaching Standards, or teachers with demonstrated student growth and achievement results.

**Respond to the questions below.**

Describe your process for ensuring students of color, American Indian students and students from low income families have equitable access to experienced, in-field, and effective teachers.

- How did the district examine equitable access data?
  - What data did you look at?
  - How frequently do you review the data?
  - Who was included in conversations to review equitable access data?

**Limit response to 200 words.**

*Bdote Learning Center is a charter school, focusing on teaching a place-based curriculum through an indigenous lens. Native students from across the metro area are provided transportation to this Native-majority school. The staff is a majority Native licensed and non-licensed staff with educational backgrounds that provide an environment where students’ native heritage is not only recognized, but it is affirmed daily in the most authentic way.*

*Teachers are licensed and not only bring the necessary tools to teach young students, they have lived experiences in Native culture, which brings the most authentic, effective experience for students. Many students transfer to Bdote from a neighborhood school. When enrolled in Bdote, behaviors that were inhibiting learning in another school disappear and the student finds success in this school.*

*Bdote Learning Center complies with state regulations regarding licensure, ensuring teaching staff receive the license necessary for their area of instruction.*

*We review our enrollment data annually, and our requirements for licensed teaching staff includes language proficiency in either Dakota or Ojibwe. Teacher licenses are reviewed and updated annually through collaboration with PELSB.*

- What strategies has the district initiated to improve student equitable access to experienced, in-field, and effective teachers?
  - What goal(s) do you have to reduce and eventually eliminate equitable access gaps?

**Limit response to 200 words.**

*The school is a language immersion school, so we recruit Dakota and Ojibwe speakers to ensure the highest quality delivery of instruction occurs in our classrooms. Collaboration among staff is necessary to provide in-field licensed teachers for content areas. Teachers are surveyed on their needs and Professional Development is determined based on licensing needs as well as experience with experiential learning and working with Native children. Most recently we have made an effort to train all staff on the use of tools (Google Suite – Google Classroom) to best prepare all staff in the challenges of distance learning.*

*Our school is nearly 100% Native, so we do not see the typical achievement gap within our school that other schools experience. We are well aware of the state-wide gap in performance and graduation of Native children and review that data annually. To prepare students for high school and beyond, Bdote Learning Center focuses on instruction through an Indigenous lens. This environment affirms native children daily, keeping them in school and engaged. Our parent feedback tells us that our students love the school and don't want to be anywhere else. For children who are part of any "gap", this is extremely important.*

*We have set goals to improve our literacy outcomes, with a phonics-based curriculum that was implemented as a response to the loss during distance learning. During the 2020-21 school year, much work was completed, and training of staff on a Dakota and Ojibwe literacy program that was designed by staff who speak these languages and assessed in collaboration with the Wilder Research Foundation.*

WBWF also requires districts and charters to examine student access to licensed teachers who reflect the racial and ethnic diversity of students. A growing body of research has demonstrated that all students benefit when they are taught by racially and ethnically diverse staff throughout their career, and students of color and indigenous students benefit even more. Consequently, working to increase teacher racial diversity is beneficial to all schools.

- Describe your efforts to increase the racial and ethnic diversity of teachers in your district.
  - Which racial and ethnic student groups are present in your district that are not yet represented in your licensed teacher staff? How many additional teachers of color and American Indian teachers would you need in order to reflect your student population?

**Limit response to 200 words.**

*The population of staff very much reflects the student population at Bdote Learning Center. With over 90% of students reflecting Native American heritage, and staff at 85% Native, the environment is balanced.*

- What strategies has the district initiated to increase and retain teachers of color and American Indian teachers in the district? What goal(s) are you pursuing?

**Limit response to 200 words.**

*Our goal at Bdote Learning Center is to have fluent speakers of Dakota and Ojibwe. Because we are a language immersion school, classroom teachers must be fluent in Dakota or Ojibwe. This has occurred mostly through recruiting efforts within these communities. A strength of BLC is that the high*

*percentage of Native staff allows for recruiting to take place more readily, as Native staff know the community and have connections that non-Native staff do not. We reach out to institutes of higher learning in Minnesota as well as North and South Dakota to recruit fluent speakers and we table events in the community to bring awareness to our school. Even with this effort, it has been challenging to fill positions.*

## **Local Reporting of Teacher Equitable Access to Excellent and Diverse Educators Data**

Districts are required to publicly report data on an annual basis related to student equitable access to teachers, including data on access for low-income students, students of color, and American Indian students to experienced, in-field, and effective teachers and data on all student access to racially and ethnically diverse teachers.

For this 2020-21 WBWF summary report submission, please check the boxes to confirm that your district publicly reported this data.

District/charter publicly reports data on an annual basis related to equitable teacher distribution, including data on access for low-income students, students of color, and American Indian students to effective, experienced, and in-field teachers.

District/charter publicly reports data on an annual basis related to student access to racially and ethnically diverse teachers.

## **Goals and Results**

SMART goals are: specific and strategic, measurable, attainable (yet rigorous), results-based and time-based. Districts may choose to use the data profiles provided by MDE in reporting goals and results or other locally determined measures. Please fill out the table below with your specific SMART goals.

**All Students Ready for School**

Does your district/charter enroll students in Kindergarten? If no, please skip to the next goal.

Goal	Result	Goal Status
<p>Provide the established SMART goal for the 2020-21 school year.</p> <p><i>60% of students are proficient on the Minneapolis EKA End of Year Kindergarten Assessment (EKA).</i></p>	<p>Provide the result for the 2020-21 school year that directly ties back to the established goal.</p> <p>If unable to report a result because of disruptions due to COVID-19, please respond, "Unable to report."</p> <p><b>Unable to report</b></p> <p><b>Due to COVID and loss of leadership at school.</b></p>	<p><b>Check one of the following:</b></p> <p><input type="checkbox"/> On Track (multi-year goal)</p> <p><input type="checkbox"/> Not On Track (multi-year goal)</p> <p><input type="checkbox"/> Goal Met (one-year goal)</p> <p><input type="checkbox"/> Goal Not Met (one-year goal)</p> <p><input type="checkbox"/> Met All (multiple goals)</p> <p><input type="checkbox"/> Met Some (multiple goals)</p> <p><input type="checkbox"/> Met None (multiple goals)</p>

**Please describe to what extent, if any, the COVID-19 pandemic affected the quality of the data used to measure progress toward your SMART goal.** For example, if a small percentage of students participated in an assessment, please provide that participation rate and note that the low participation rate may affect data quality. If the pandemic did not affect the quality of the data used to measure progress, please type "N/A" as your answer.

**Narrative is required. 200-word limit.**

- What data have you used to identify needs in this goal area?
- How is this data disaggregated by student groups?
- What strategies are in place to support this goal area?

*The participation rate for the FASTBridge assessment was too low to use for purposes of goal setting and assessment of results. We have responded to this loss by increasing our literacy efforts this school year, and carefully monitoring results.*

*The end of year assessments in Dakota and Ojibwe were also disrupted with literacy assessment work to be completed in partnership with the Wilder Foundation put on hold. This project will continue in 2022, however.*

**All Students in Third Grade Achieving Grade-Level Literacy**

Goal	Result	Goal Status
<p>Provide the established SMART goal for the 2020-21 school year.</p> <p>The number of 3-8 grade students in the low risk category on the Fastbridge will increase by 2%.</p>	<p>Provide the result for the 2020-21 school year that directly ties back to the established goal.</p> <p>The Fastbridge assessment was not given during the pandemic due to the absence of an online version that worked for our school.</p>	<p><b>Check one of the following:</b></p> <p><input type="checkbox"/> On Track (multi-year goal)</p> <p><input checked="" type="checkbox"/> Not On Track (multi-year goal)</p> <p><input type="checkbox"/> Goal Met (one-year goal)</p> <p><input type="checkbox"/> Goal Not Met (one-year goal)</p> <p><input type="checkbox"/> Met All (multiple goals)</p> <p><input type="checkbox"/> Met Some (multiple goals)</p> <p><input type="checkbox"/> Met None (multiple goals)</p>

**Please describe to what extent, if any, the COVID-19 pandemic affected the quality of the data used to measure progress toward your SMART goal.** For example, if a small percentage of students participated in an assessment, please provide that participation rate and note that the low participation rate may affect data quality. If the pandemic did not affect the quality of the data used to measure progress, please type “N/A” as your answer.

**Narrative is required. 200-word limit.**

- What data have you used to identify needs in this goal area?
- How is this data disaggregated by student groups?
- What strategies are in place to support this goal area?

*No students participated in the Fastbridge assessment and a low percentage of students participated in the MCA assessment during the year of distance learning 2020-21. We have reviewed the MCA data and have set goals for the 2021-22 school year accordingly.*

*The results of assessments do not demonstrate gaps or discrepancies based on race within our school at BLC. Our goals are targeted for all students, based on their performance and test results.*

*In a response to our low English test scores of 2020-21, we have implemented a research-based literacy curriculum, Barton Reading. This is a curriculum that is Orton-Gillingham based, MDE approved and shown to result in positive results not only for students displaying characteristics of dyslexia, but for all students. BLC students were negatively impacted by distance learning, many finding it challenging to attend regularly and to grow in the area of literacy. This implementation of a targeted curriculum is a response to our unfavorable test data. The test data does not reflect the language of instruction: Dakota and Ojibwe.*

**Close the Achievement Gap(s) Between Student Groups**

Goal	Result	Goal Status
<p>Provide the established SMART goal for the 2020-21 school year.</p> <p>Due to three time change in leadership, this goal was not found</p>	<p>Provide the result for the 2020-21 school year that directly ties back to the established goal.</p>	<p><b>Check one of the following:</b></p> <p><input type="checkbox"/> On Track (multi-year goal)</p> <p><input type="checkbox"/> Not On Track (multi-year goal)</p> <p><input type="checkbox"/> Goal Met (one-year goal)</p> <p><input type="checkbox"/> Goal Not Met (one-year goal)</p> <p><input type="checkbox"/> Met All (multiple goals)</p> <p><input type="checkbox"/> Met Some (multiple goals)</p> <p><input type="checkbox"/> Met None (multiple goals)</p>

**Please describe to what extent, if any, the COVID-19 pandemic affected the quality of the data used to measure progress toward your SMART goal.** For example, if a small percentage of students participated in an assessment, please provide that participation rate and note that the low participation rate may affect data quality. If the pandemic did not affect the quality of the data used to measure progress, please type “N/A” as your answer.

**Narrative is required. 200-word limit.**

- What data have you used to identify needs in this goal area? How is this data disaggregated by student groups?
- What strategies are in place to support this goal area?

*The aim of Bdote Learning Center is to provide an authentic educational experience through an Indigenous lens. Research shows that students who are in classrooms where the teacher shares their racial and ethnic background do better than when they are not exposed to that diversity in teaching staff. Children at Bdote are seen and affirmed every day in ways they never would be seen in the neighborhood school. This is an important step in closing the achievement gap.*

*Strategies in place include experiential learning in indigenous ways and traditions. Students learn math and science concepts while engaging in hands-on learning that is relevant to Native ways. This affirmation sets the stage for success.*

**All Students Career and College-Ready by Graduation**

Goal	Result	Goal Status
<p>Provide the established SMART goal for the 2020-21 school year.</p> <p>Due to three time change in leadership, the school is not able to locate this goal.</p>	<p>Provide the result for the 2020-21 school year that directly ties back to the established goal.</p>	<p><b>Check one of the following:</b></p> <p><input type="checkbox"/> On Track (multi-year goal)</p> <p><input type="checkbox"/> Not On Track (multi-year goal)</p> <p><input type="checkbox"/> Goal Met (one-year goal)</p> <p><input type="checkbox"/> Goal Not Met (one-year goal)</p> <p><input type="checkbox"/> Met All (multiple goals)</p> <p><input type="checkbox"/> Met Some (multiple goals)</p> <p><input type="checkbox"/> Met None (multiple goals)</p>

**Please describe to what extent, if any, the COVID-19 pandemic affected the quality of the data used to measure progress toward your SMART goal.** For example, if a small percentage of students participated in an assessment, please provide that participation rate and note that the low participation rate may affect data quality. If the pandemic did not affect the quality of the data used to measure progress, please type “N/A” as your answer.

**Narrative is required. 200-word limit.**

- What data have you used to identify needs in this goal area?
- How is this data disaggregated by student groups?
- What strategies are in place to support this goal area?

*While Bdote Learning Center does not enroll high school students, therefore we do not graduate students, we do prepare them for graduation as they leave our school at grade 8.*

*We use our local assessments in the Dakota and Ojibwe languages, as well as Fastbridge data in English, to help us set goals and adjust curriculum and instruction. Literacy skills in the native language and target language transfer, so our response to assessment results affects literacy in both languages.*

**All Students Graduate**

Goal	Result	Goal Status
Provide the established SMART goal for the 2020-21 school year.  N/A K-8 school	Provide the result for the 2020-21 school year that directly ties back to the established goal.	<p><b>Check one of the following:</b></p> <p><input type="checkbox"/> On Track (multi-year goal)</p> <p><input type="checkbox"/> Not On Track (multi-year goal)</p> <p><input type="checkbox"/> Goal Met (one-year goal)</p> <p><input type="checkbox"/> Goal Not Met (one-year goal)</p> <p><input type="checkbox"/> Met All (multiple goals)</p> <p><input type="checkbox"/> Met Some (multiple goals)</p> <p><input type="checkbox"/> Met None (multiple goals)</p>

## 2020-21 Achievement and Integration (A&I) Progress Report

Once they are approved by MDE, Achievement and Integration (A&I) plans are in effect for three years. At the end of the third year, the commissioner must determine if districts met each goal in their approved plans ([Minn. Stat. § 124D.862, subd. 8](#)).

In order to do this, each district is asked to provide information in this A&I progress report indicating whether or not each of their plan goals is on track. The information you submit will also be used to provide ongoing support for your A&I efforts. You will be able to indicate where disruptions from COVID-19 required you to change how you implemented your A&I strategies or made collecting data to document progress toward your goals complicated or impossible.

Districts with one or more racially identifiable schools will also submit progress reports to verify whether 2020-21 A&I plan goals for each of those schools were on track.

Districts that don't meet plan goals after three years are to consult with the commissioner on improvement plans and use up to 20% of their annual A&I revenue to fund improvement strategies—strategies that will make it more likely for a district to meet their new A&I goals (Minn. Stat. § 124D.862, subd. 8).

Please ensure your Achievement and Integration leadership team collaborates when completing this report.

### **This progress report has two parts:**

1. **Achievement and Integration:** Required for all districts that were implementing an MDE approved Achievement and Integration plan during the 2020-21 SY.
2. **Racially Identifiable School (RIS):** Required for districts that were implementing an MDE approved Achievement and Integration plan for Racially Identifiable Schools during the 2020-21 SY.

*MDE understands this past school year (2020-21) brought on unique circumstances due to the COVID-19 pandemic. Therefore, we are providing reporting options that reflect this disruption in your ability to appropriately report annual progress.*

**\*Please use this template as an internal tool to gather information. Responses should be submitted electronically in the [Combined 2020-21 WBWF and A&I Annual Summary & Progress Report](#). You can copy your responses from this template into the electronic form.**

## Achievement and Integration

**District Name:** Type response here

**A and I Contact:** Type response here

**Narrative is required. 200-word limit.**

- What data have you used to identify needs in this goal area?
- How is this data disaggregated by student groups?
- What strategies are in place to support this goal area?

**Please note:** If you have more than three goals for this RIS, copy and paste additional A&I Goal tables and corresponding narrative below.

### ***Integration***

**Narrative is required. 200-word limit.**

Please summarize the impact of the integration strategies you implemented with the A&I districts you partnered with during the 2020-21 school year. Also, consider ways that your A&I plan strategies have increased integration within your district.

### ***Impacts from Online Learning***

**Narrative is required. 200-word limit.**

Briefly explain how you modified your strategies this past school year because of distance learning. List the strategies you weren't able to implement. What A&I-related data were you unable to collect to document progress toward your goals? How did those adjustments or lack of data inform your A&I planning for the 2021-22 school year?
